Security tightened for Rabin memorial

By LIAT COLLINS and Him

After weathering a bomb scare this week, Knesset security was expected to be extra tight today during a memorial session being held to mark the second anniversary of the assassination of Yitzhak Rabin

Speaker Dan Tichon said yesterday that the Knesset switchboard received an anonymous phone call on Monday claiming there was a bomb in the plenum gallery. Security checks revealed nothing.

But Tichon said that certain measures were taken, such as double checking that the protective glass in front of the visitors' gallery could withstand gunfire.

Some 1,000 dignitaries have been invited to today's session, which starts at 5 p.m. and will be broadcast live on radio, television. and via the Internet (www.knesset.gov.il).

This is the first year a law covering special memorial events for Rabin has been in force, with events dedicated to democracy in schools and flags at public institutions being lowered to half-mast.

A graveside memorial is planned for 3 p.m. at Mount Herzl. Among the scheduled speakers is former Supreme Court President Meir Shamgar, Rabin's son, Yuval, will recite Kaddish. The ceremony will be broadcast live on radio and television.

Ex-GSS head: Another assassination possible

By LIAT COLLINS

Another political assassination is possible, former General Security Service head Ya'acov Perry told the Knesset Interior Committee yesterday. He did not rule out its coming from the Left. Shortly after the meeting, MK Benny Elon (Moledet) received a death threat with a bullet in the

Perry joined the call for national conciliation. The political argument is cutting us up and dividing us and, in my opinion, we are almost heading for civil war," he

"It's definitely possible to con-clude that, in light of the atmosphere of intolerance and because political argument is getting worse and exceeding reasonable proportions, that people aren't willing to hear the other side. This is an atmosphere which could definitely result in violence, incitement, and calls for death and, as a result, in another political assassination."

Perry said that in recent decades major acts of political violence have come from the Right, but said GSS agents are also working among the Left, where there are also anarchistic groups which

deny Israel's right to exist.
"The GSS was created to operate agents. That's not a secret. Agents are operated across the not political - spectrum; the [spectrum) of people who the service believes have a violent or a lawbreaking potential, and it doesn't matter to the GSS from which side

of the [political] map."
Discussing Avishai Raviv, Perry said he had often acted without the authorization of his operators and carried out provocations without their knowledge.

Likud set to dump primaries

Delegates back PM

REPORTER'S NOTEBOOK

By HERB KEINON

The Likud convention seemed beset by schizophrenia last night. On the one hand, there was an undercurrent of a people's rebellion against the leadership - a rebellion that expressed itself in the delegates' decision to go against the wishes of ministers and vote on changing the primary system.

On the other hand, there was the thunderous ovation with which the delegates greeted the leaders they were rebelling against: Prime Minister Binyamin Netanyahu, National Infrastructure Minister Ariel Sharon, and - though to a much lesser extent -Communications Minister Limor

"Don't fool yourselves," said Shimon Azran, a central committee member from Haifa. "This convection is 98 percent behind Bibi. It just wants to get itself back

Netanyahu, indeed, was greeted with great warmth by the delegates. Many jumped on chairs and sang, "Bibi, king of Israel," wheo be spoke, and again extended his

hand to left-wingers. There seemed to be a concerted effort to wipe away the memory of the night before, when Netanyahu's speech was interrupted by catcalls.

Almost as a mantra, speaker after speaker referred to Netanyahu as the Likud leader we all support." Inevitably each was greeted with wild cheers.

Even Sbaron, who spoke against "going backward," was greeted with warmth. The delegates seemed to disagree with what he said, but to have no intention of divorcing themselves from the man who said it.

By SARAH HONIG

A decision by the Likud conven-tion on the fate of the party's Knessel primaries was not expected before early this morning, but the consensus was that the central comminee membérs would succeed in their bid to do away with

This had become inevitable after a last-ditch effort at a face-saving compromise was reportedly foiled by Prime Minister Binyamin

Science Minister Michael Eitan and MK Uzi Landau, both members of the party's rules committee headed by Justice Minister Tzahi Hanegbi, produced a formula whereby the convention might vote to scrap the primaries, but would not decide on a new system until a second convention in February. This won the committee's blessing.

A paper outlining the idea was slipped to Netanyahu on the podium, as Communications Minister Limor Livnat addressed the convention, and Netanyahu exchanged a few words with Hanegbi.

But when Eitan demanded that Hanegbi put the proposal to the delegates on behalf of the committee, he suggested it be presented as Eitan's private proposal. This was taken by all to indicate that Netanyahu had rejected it.

News of the failed compromise further fanned accusations by Likud ministers that Netanyahu was coverily behind the anti-primary move, despite bis conciliatory public stance.

Netanyahu told the delegates that he would "accept and abide by any decision you make." At that point, the anti-primary decision seemed a foregone conclusion. The delegates welcomed the fact that Netanyahu did not reiterate his opposition of the previous day to a vote on the primaries.

Earlier in the day, Netanyahu met with three central committee members who spearheaded the anti-primaries move - Moshe Dolgin, Yitzhak Regev, and Moshe Nissan. Dolgin proposed abolishing them, while Regev

wanted no new primaries for the prime ministerial candidate in the event of early elections. Netanyahu was dead set against Regev's proposal and Regev with-

Dolgin reported that Netanyahu strongly, even passionately.

The primaries conspiracy, Page 2

appealed to me to withdraw my proposal, but I could not agree. I said support for the proposal was far too broad and if I dropped it, someone else would sponsor it."

Netanyahu's arrival at the Tel Aviv Fairgrounds on the second turbulent day of the convention was the highlight of a dull afternoon, Presidium chairman Yisrael Katz urged the delegates to "receive the prime minister warmly. Let's show the nation that we support him, that our aim is to strengthen Netanyahu, rather than to undermine him or question his leadership."

Netanyahu was greeted with chants of "Bibi, king of Israel," and "He is great, he is great." He waved and smiled, but during most of the proceedings appeared somber, tense, and deeply perturbed.

Catcalls and heckling erupted when Livnat began her speech, with shouts of "Go home" greeting her contention that "scrapping the primaries will bring us back to the chaos which lost us the 1992 elections." Others rose in her defense and scuffles erupted until Netanyahu ordered them to "sit down. We are here to listen to each other. You are not listening."

National Infrastructure Minister Ariel Sharon was cheered with chants of "Arik, king of Israel." He took a swipe at Netanyahu, alluding to charges he is playing a double game. He related that the prime minister "asked for my help at the convention and I answered that I was confused whether I was supposed to help his right or left

Canadian FM, ex-envoy differ on intelligence ties

By JAY BUSHINSKY

Diametrically opposed views about the nature and extent of intelligence cooperation between Canada and Israel were aired yesterday by visiting Foreign Minister Lloyd Axworthy and former Canadian ambassador to Israel Norman Spector, president and publisher of The Jerusalem An Israeli government contractor has sold millions of dollars

worth of defease equipment to After a meeting with Foreign Arab militaries, a defense execu-Minister David Levy. during Shlomo Milo, president of which he was reassured that TAAS-Israel Industries, said the Mossad agents would never again use Canadian passports as part of company was approached by their cover during clandestine several Arab countries for operations (as in the abortive Mashaal assassination seven But the Defense Ministry weeks ago), Axworthy maintained would only approve the sale of

that this was done without Canada's consent.

He said "rumors" that Canada had given implicit permission for its travel documents to be supplied to Mossad personnel are just not But Spector contended that

members of the Canadian Embassy staff and Canadian security officials knew the passports were being used by the Mossad. The reason they didn't do anything about it is because of the extensive security cooperation between the two countries," he said.

Spector described Canada as "a small player" in the international espionage game.

"You have to pay for this kind of thing, and therefore Canada had to

Lloyd Axworthy (Brian Hendler)

get into barter arrangements in its dealings with the Mossad," he

After reiterating the commit-

ments made at the highest government level never to use forged passports again, Axworthy said: "This affair is

He welcomed Levy's intention to participate in next month's international conclave in Ottawa, which is expected to lead to the signing of a treaty banning antipersonnel land mines, despite Israel's inability to sign the com-

Levy offered to send Israeli experts, including mine-clearing teams, to areas especially in Africa, where land mines pose a constant threat to civilians.

Speaking at a joint forum sponsored by the Peres Center for Peace and the Palestinian Center

for Regional Studies, Axworthy urged Middle East states to attend the World Economic Forum opening in Qatar on Sunday. There must be a parallel track

of economic development," he said, referring to peacemaking. Without the ability to bring private business together we cannot build the underpinnings of peace." Axworthy vowed that Canada will continue providing material and diplomatic support to the parties negotiating peace and "won't be deterred by the ups and downs of the political process."

Axworthy evaded the question when asked to explain wby Jordan, unlike Canada, refrained from recalling its ambassador to Israel over the Mashaal Affair.

US wants 'resolution with teeth' on Iraq

By MARILYN HENRY

NEW YORK - The US said yesterday it expects the UN Security Council to pass a "resolution with teeth" against Iraq, but the draft does not call for military

Britain was circulating a draft resolution that would condemn lrag for refusing to cooperate Earlier this year, Israel Aircraft with the US on the arms-inspection teams. It does not declare that Iraq is violating the 1991 Gulf War cease-fire, which presumably is the condition for mili-

tary action. "I think the council is ready to move on a resolution with teeth." US Ambassador Bill Richardson said yesterday at the UN. A vote is unlikely before today.

The draft resolution expresses the Security Council's "firm inten-

tion" to take "further measures" unless lraq immediately and unconditionally complies with council orders. It would ban Iraqi officials who interfere with UN inspections from traveling abroad and halt reviews of sanctions until six months after UN inspectors report that Iraq has changed its policy.

The council has said it will not lift the economic sanctions until Baghdad complies with the UN weapons inspections.

France and Russia are said to be balking at imposing additional sanctions. Iraq yesterday again banned a

team of weapons inspectors that

included Americans. Baghdad contends that the American government is manipulating the UN inspectors to retain

European Union warns importers about Israeli goods Foreign Ministers David Levy

By JENNIFER FRIEDLIN

The European Union yesterday warned importers that any Israeh product may violate free-trade

The move is the latest in a series of steps the EU has taken to try to force Israel to open its books regarding the sale of orange juice concentrate that was made from Brazilian oranges, but sold under the free-trade agreement between Israel and the EU. The EU claims the juice is subject to about \$45 million in unpaid taxes.

Industry and Trade Minister Natan Sharansky said be was "surprised" by the EU's decision to issue the statement, which was printed in The Official Journal. widely distributed to European businesses and sent to all European customs services.

and Jacques Poos Luxembourg, representing the EU, are expected to discuss the

orange juice issue today. Finance Minister Yaakov Neeman, Levy. and Sharansky were scheduled to meet last night.

In 1993 the EU discovered that Israeli exporters were producing orange juice coocentrate using Brazilian oranges. Such a move violated the country of origin stipulation that detailed what percentage of a finished product must come from Israeli-made goods.

The government bas failed to open its books, claiming that it is illegal for Israel to make documents available to outside sources. As a result of Israel's bureaucratic foot-dragging, the statement said, the EU now believes that the "validity of all

preferential certificates issued by Israel, for all products, [has been] put in doubt.

"Community operators submit-ting such certificates to receive preferential treatment are informed that they must take thenecessary precautions from now on, bearing in mind that, should they prove invalid, such certificates have already engendered or could give rise to a customs

debt. If the EU finds Israeli exporters violated trade stipulations, European importers will be required to pay the back taxes on goods they purchased.

The issuance of the warning could result in "no damage or the complete refusal of European importers to purchase Israeli goods," a European diplomat

Man stabbed in Jerusalem

A Jerusalem man was stabbed in Kikar Zion yesterday evening. He was lightly wounded in the hand and buttocks. He told police he was stabbed by an Arab, but investigators later determined the alleged attacker was a Jew with a criminal record.

Grapes of Wrath UN group hears complaints

The five-nation Grapes of Wrath monitoring group convened at UNIFIL headquarters in Nakoura yesterday to discuss two Lebanese allegations that the IDF and South Lebanon Army had violated the understandings. The complaints were over incidents last week in which a civilian was wounded in a shelling east of the Nabatiya...

First Israel-bound flight lands in Jordan

The first Israel-bound flight landed yesterday at Akaba airport in a trial run to assess the feasibility of a joint Israeli-Jordanian airport. The El Al Boeing 757, with 189 passengers on board, touched down at 4:15 p.m., baving flown from St. Petersburg, Russia. Fifty seven passengers, mostly Israelis, got off and were driven on a bus to Eilat airport under right security. The plane then flew on to Tel Aviv.

Israeli arrested in Onassis kidnap plot

Italian police have arrested an Israeli on Swiss suspicions he was involved in a plot to kidnap the heiress of the vast Onassis shipping fortune, a Swiss official said yesterday. Folco Galli, spokesman for the Swiss Justice Ministry, said that Ronen Balulu, 28, was picked up Monday in Milan on a Swiss international arrest warrant.

Balulu, reportedly a former Mossad member, and six other Israelis are suspected of wanting to kidnap Athena Roussel, the 12-year-old granddaughter of Greek shipping magnate Aristotle Onassis, her father, and trustees of her vast fortune last February in St. Moritz.

Settlers charge GSS Involved in incitement

Jewish settlers charged yesterday that General Security Service agents were involved in incitement in Judea and Samaria, similar to actions attributed to Avishai Raviv. Shilo Gal, bead of the Gush Etzion Regional Council, said yesterday that he knew of two agents working in settlements Margot Dudkevitch who were acove for a number of years.

Public warned of counterfeit shekel notes

The Bank of Israel yesterday issued a warning about the circulation of counterfeit NIS 100 and NIS 200 ootes. While the colors and printing of the phony bills are similar to the genuine articles, they can be detected by holding a suspected bill over a real one and cotoparing the thin metallic safety strips embedded in the notes. Other ways to spot phony bills include the lack of a water mark and the lack of raised printing on the portrait side. Any counterfeit bills detected should be turned in to the nearest police station, the bank said.

Netanyahu can expect tea and sympathy in London

By DOUGLAS DAVIS

LONDON - Prime Minister Binyamin Netanyahu will encounter straight talk on the peace process from British officials, but also a considerable degree of sympathetic interest oo other regional issues, when he arrives early tomorrow for a three-day visit to London. Talks with British Prime Minister

Tony Blair, Foreign Secretary Robin Cook, and other senior goverament and opposition leaders are expected to focus on outstanding issues related to the interim agreement with the Palestinians - the .. seaport and airport in Gaza, "safe passage" between Gaza and the West Bank, Israel's delayed redeployments, and the time-out on settlement activity.

But Netanyahu is also likely to encounter unexpected sympathy for Israel's position. He will find a new Labor government that shares Washington's vision of the world and Washington's immediate con-

PA security prepared to succeed **Arafat**

By STEVE RODAN, MOHAMMED NAJIB, and news agencies

Palesónian Preventive Security Apparatus, headed by Col. Jibril Rajoub, plans to assume control of Palestinian Authority areas should PA Chairman Yasser Arafat die or become incapacitated, the London-based Al Hayar reported yesterday. ·

Quoting Fatah sources, the paper said Rajoub is forming political alliances and providing weapons to supporters for an expected battle with his rivals. The sources said that Rajoub has established bases in every major town in the West Bank and is ready to take power if Arafat dies or is too ill to continue his

The article comes as Palestinian sources report that the PA chief is suffering from a degenerative disease. In late October, they said, Arafat collapsed in Ramallah and was taken to a nearby hospital for treatment. Arafat has denied this.

The newspaper says Palestinian security chief Mohammed Dahlan is prepared to take over for Arafat in Gaza. But Fatah sources were quoted as saying that Dahlan has many more enemies to deal with than

The sources said Rajoub discussed the succession issue with CIA representatives.

Palestinian and Israeli sources have reported Rajoub's increased activioes over the past six months around the West Bank. This has included the establishment political and security strongholds in major Palestinian cities in the area.

Sharansky meets Dor Shalom leaders

By MICHAL YUDELMAN

The Dor Shalom peace movement intends to publish a newspaper in broaden communication with more sectors of society. The move was announced yesterday after a meet-ing of the leaders of Dor Shalom, including Yuval Rabin, with Yisrael Ba'aliya chairman and Industry and Trade Minister Natan Sharansky.

Rabin initiated the meeting the day after Sharansky was boohed at the massive memorial rally held for his father, Yitzhak Rabin, on Saturday night.

Sharansky said he was glad to do so, noting he is extremely concerned over the rift in the nation. "I knew it wasn't going to be a picnic when I came to the rally, but that didn't stop me. When I heard the boohs it strengthened my conviction that I was doing the right thing, and this was the place to state my truth and speak of what is common to us all,"

homage to the newly empowered

central committee members. Yet

Rachel's Tomb reopens after renovations

By STEVE RODAN and MARGOT DUDKEVITCH

An expanded and refurbished Rachel's Tomb was reopened yes-terday in Bethlehem. Officials said the improvements will provide greater security and comfort for the thousands of worshipers who visit the ancient religious site.

"We have come to welcome and bring thanks for what has hap-pened to us." Defense Minister Yitzhak Mordechai told thousands of worshipers who arrived to pray at the tomb. "We have come to this place and we will never leave."

Officials said the NIS 7 million project provides five times more space for prayer than the original stone structure. They said the main purpose of the complex was to provide security, noting the existing guarded parking lot across from the new complex.

The Religions Affairs Ministry is now planning to turn the road in front of Rachel's Tomb into a plaza for pedestrians, with traffic rerouted to a parallel street.

Deputy Religious Affairs Minister Yigal Bibi raised the proposal with Mordechai at the dedication cere-

Officials said most traffic bas already been rerouted to prevent attacks from moving vehicles on worshipers. During extended closures of the territories, IDF soldiers did not allow Palestinian vehicles on the road adjacent to

Mordechai said the expansion of the tomb will not disrupt Palestinian life, "The road to Bethlehem is clear. There is no intention to disrupt traffic.

The tomb's famous domed roof - built with the surrounding walls by Moses Montefiore in 1841. after receiving permission from the Turks - is now hidden from the street and the entire site is surrounded by four-meter-high walls joined to a thick concrete ceiling. A 60-meter corridor of reinforced concrete leads from the street into the tomb, protecting worshipers from stone-throwing and terrorist attacks. The archways under the site's central pillars bave been unblocked in order to create a more spacious feeling.

In an interview on Arutz 7 Rabbi Shmuel Rabinovitch, in charge of holy sites for the ministry, said the decision to renovate the site became particularly pressing dur-ing the September 1996 riots that broke out after the Western Wall Tunnel exit was opened. Rabinovitch said he was at the site when hundreds of Palestinians stoned IDF troops guarding it.

PA prisoners die in mysterious circumstances

By STEVE RODAN

Two Palestinian land dealers suspected of selling land to Jews have died recently in prisons of the Palestinian Preventive Security apparatus, one of a heart attack and another of mysterious causes.

Nafe'a Hassan Mardawi, a 50-yearold father of seven, died in Nablus Central Prison on Sunday. He was arrested on June 15 by the PSA on suspicion of selling land to Israelis.

Relatives said Mardawi, who lived in Hableh, a village near Kalkilya, told of being tied up on his first night in detention. He lost consciousness, was hospitalized, and later was transferred to a prison in Nablus, they said. Mardawi was denied visits by rela-

tives or lawyers for three months. Ibrahim Sulleiman Alsheikh, 65, was arrested on July 10, and died on October 14 in Nablus Central Prison.The PA has not said how he

Knesset panel given classified data on Raviv

By LIAT COLLINS

Members of the Knesset Foreign Affairs and Defense Committee yesterday got the chance to look at the short classified section dealing with Avishai Raviv in the Shamgar Commission's report on the assassination of Yitzhak Rabin.

The committee will announce its decisioo on whether to make this section open to the public tomorrow. It was originally planned to authorize the cabinet's decision to publish the section today, but MKs from both the coalition and opposition asked it be postponed by at least 24 hours so it did not fall oo the memorial day for Rabin. Labor whip Ra'anan Cohen said

the timing of the release was not coincidental but aimed at "removing the stain from those who contributed to the atmosphere of incitement which brought about Rabin's murder,"

The National Religious Party's Hanan Porat and Shaul Yahalom agreed that it should be postponed by a day, but said there is enough in it to justify establishing an independent clarification committee to investigate Raviv, who worked as a General Security Service agent while heading right-wing

Porat said a committee should investigate the actions of Raviv, and bis operators, and the GSS's could be murdered.

code of behavior. Yahalom said Raviv had significantly contributed to what the Left says is the atmosphere of incitement that led to the murder.

After reading the classified section, Meretz leader Yossi Sarid said: "Raviv's part in the incite-ment is much less than that of many politicians. Raviv will not absolve them or save them, lt's true that the bastard who shot Rabio has been caught, but Israeli society has still not fingered those who marked the target. Anyone who stood on the balcony at Kikar Zion marked out the target." Ran Coheo (Meretz) said:

There is no connection between Avishai Raviv and the murder of prime minister Rabin other than Netanyahu's libel," adding that conspiracy theories are a form of libel against the GSS.

Pini Badash (Tsomet) said former GSS head Carmi Gillon should be prosecuted. Ophir Pines (Labor) said Raviv should be

Alex Lubotzky (Third Way) joined the call for a delay in publishing the material. "I am ashamed that oo the anniversary of the assassination, we will be dealing with Avishai Raviv instead of doing the soul-searching which could tell us bow we got to the point where a prime minister

Shmuel Sackett is held aloft to the cheers of people of supporters who came to demonstrate in support of Sackett and Moshe Feiglin of Zo Artzenu at their sentencing yesterday. Sackett's lawyer

Zo Artzenu heads get light sentences

By ELLI WOHLGELERNTER

The leaders of Zo Artzeno, Moshe Feiglin and Shmuel Sackett, received relatively light sentences yesterday after being convicted of sedition.

The Jerusalem Magistrate's Court sentenced Feiglio to 18 mooths with 12 months suspeoded, and Sackett to 12 months with

eight months suspended.
The court also gave probation officials the option of recommending that the sentence be carried out by community service. A bearing was scheduled for

"Maybe io the end there is some sort of democracy here in Israel," said Sackett, "because we were worried what the sentence would be, and thank God I'm going home.... The most important thing to remember is, regardless of the sentence, we do not regret our actions: we did what Judaism commanded us to do, and democracy permitted us to do."

Zo Artzenu, or "This is Our Land," organized a series of disrupove protests in the summer of 1995 against implementing the Oslo Accords.

As leaders of the organization Feiglin and Sackett were found guilty on September 3 of the charge of sedition.

Judges wrote in a lengthy decision that the two sought "to create a situation where, as a result of their actions, the government would not be able to function - not because of their influence on public opinion, but rather because of a physical inability to function."

Asked about allegations that their actions may have contributed to the atmosphere that led to Yitzhak Rabin's assassination two years ago, Sackett replied:

"Nothing we did led to the assassination. ... What we did was completely non-violent, and we stand proud and tall - not that we had to do it, but the fact that we were willing to do it. And if the left-wing ever takes power, heav-en forbid, we'll be out there again blocking the street."

Hammer calls for greater tolerance

Education Minister Zevulun Hammer said yesterday that Yitzhak Rabin's assassioation underscored a need in Israel for wider tolerance of opinions and less tolerance for violence.

"We must try to fully comprehend what happened, to better moment of the pulling of the trig-choose the foundations of our ger, came upon us, he wrote future," Hammer wrote teachers and pupils on the secood anniversary of the slaying.

In Israel's 50 years, "nothing has shocked the nation as did the murder of its prime minister, the late keep the safety pin on bis Yitzhak Rabin. ... Our souls are weapon."

still trembling, and our brains still striving to grasp the unimaginable," Hammer wrote.

"We haven't the power to return to the past, to the time of the murder, and chase away the heinous murderer, but we do have the power, and we are duty-bound, to examine how this blood-curdling

He said "we are commanded to perform some soul-searching: the way in which we conducted the great disagreements between us did oot encourage the murderer to

FLANNEL BEDDING AT 1/2 PRICE

By YOSEF BEGUN

The second anniversary of Yitzhak Rabin's assassioation brought to the forefront once again the country's sharply polarized political animosity. In the weekly 24 Hours, Ilan Kfir writes that the right-wing extremists who are guilty of Rabin's assassination are not ready to repent. They considered Rabin a danger to the realization of their dream of a 'Greater Israel' spanning both sides of the Jordan River." Vesti's political commentator

Dov Kontorer poiots out that "a large part of the Jewish population in Israel expressed their dissatisfaction with [Rabio's] policy. The Oslo Accords the Palestinian army in the territories, the willingness to withdraw from the Golan Heights - that was Rabin's political her-itage, which will not be accepted by them."

Kontorer criticizes attacks by left-wingers against their right-wing opponents in which they try to otilize the memory of Rabin's assassination.

It could become a unifying factor, but it will be impossible until the attitude toward the crime is accompanied by a call for loyalty to the political legacy of the deceased premier," Kootorer says.

Mark Bibichkov in Vesti preseots the credo of the public movement Dor Shalem Doresb Shalom (An Entire Generation Demands Peace):

"The resolution of acute political problems is possible only by means of tolerance brought about by dialogue between ideological opponents."

Movement members have traveled to Kiryat Arba and Hebron, and have met with B'nai Akiva groups. The ideology of the movement is "not abstract peace in the Middle East but peace inside Israeli society...So that this political assassination will be the last in the history of our state," writes Bibichkov.

Sharansky and Lieberman

The rating of the two highestranking politicians of Russian origin recently received public attention after the results of a poll were published in Vesti. According to the poll, Avigdor Lieberman carned the title "politician of the of literature that is their birthright."

year," scoring twice as high in popularity as Industry and Trade Minister Natan Sbaransky.

Sharansky lately has advocated the creation of a national unity government. In a Novosti Nedeli editorial, Sbaransky is described as being deeply concerned about the aggravated struggle between the different camps in Israeli society.

"I do not remember such a situation in all the 11 years I have lived in Israel," Sharansky writes. Novosti Nedeli commeots that many politicians and ordinary citizeos...welcome Sbaransky's initiative," and the paper's front-page headline dubs him "the architect of national unity."

In Vesti Anna Isakova writes that "serious political analysts" are very interested io Lieberman's political situation and his prospects for creating a "oew Russian party." She calls Lieberman "a political figure of oational proportions" and states that the real order of the political forces in the Russian community "is not comprehensible for the [Israeli] mass media." She mentions, for example, that general public opinion seems to feel that the "Russian electorate is politically ignorant and that Russian newspapers manipulate their voting choices."

"It is too early to determine if, in the next election, the disappointed [by Sharansky] voter will cast his ballot for Lieberman," she says.

Shakespeare for schoolchildren

How do you get Russian-born children in Israel interested in the masterpieces of classical literature? "It is impossible to conceive of a Jewish child in Russia who has not read such books," writes Victoria Martinova in Vesti.

Members of The Immigrant Teachers' Association in the north bave devised a special course to introduce students to masterpieces of world and Russian literature. Sofa Pessina, a teacher of world literature and principal of a school in Haifa, says "it is an attempt to teach our pupils to think in the tradition of the Russian Jewish intelligentsia which was so fundamenral for us there. We want to give back to the children the rich world

are at your service.

Weizman lauds PM's call for tolerance

By BATSHEVA TSUR

President Ezer Weizman yesterday praised Prime Minister Binyamin Netanyahu for stretching out his hand in a gesture of national

This was the right direction," Weizman said, referring to the attitude of tolerance towards the Left expressed hy Netanyahu at the Likud convention opening. "We must take steps to lower tones in this country and to have a more pleasant atmosphere of dialogue," Weizman told industrialists on Naconal Export Day in Tel Aviv.

Israelis should not be pessimistic about the scope of economic activities with the Palestinians and our Arab neighbors, the president contioued, since this is bound to change

with time. He called for greate efforts toward peace, "since there is no alternative to peace." Netanyahu reiterated his call for tolerance. "It is possible that closing social gaps and adopting a different tone and a different style of argument will give us a flourishing and developed country that will live in peace with its people and its neighbors," he said.

Meanwhile, some 2,000 postcards have been received by Beit Hanassi since last week, when an ad in Ha'aretz called on citizens to write to the president, asking him to remove Netanyahu from office.

The ad, placed by a group calling itself Plebiscite, read: "Democracy is first and foremost getting off your backside and doing something ... Let's go to the president... Write him

Father George Edelstein, a Russian Orthodox priest, is shown yesterday alongside his son, Absorption Minister Yuli Edelstein, at a conference about religion sponsored by the B'nai B'ritb World Center and the Konrad Adenaur Foundation.

Edelstein's father, a Russian cleric, blasts his church

By HAIM SHAPIRO

Father George Edelstein, a Russian Orthodox priest in a community outside Moscow, issued a searing condemnation yesterday of the hierarchy of the Moscow Patriarchate, calling it corrupt and a virtual tool of the government.
Edelstein, better known to

Israelis as the father of Absorption Minister Yuli Edelstein, spoke to reporters after a speech to a sym-posium entitled "The Impact of Politics on Religion at the End of the Twenoeth Century."

George Edelstein, who was born to a Jewish father and e Christian mother, emhraced Christianity, together with his Jewish wife, in the 1970s. Their son opted for Judaism.

Edelstein said he was proud of his son, an observant Jew, but not because of his position.

"I am proud of Yuli. The important thing for me is not who he is, but how he is. If he did well in any field I would be proud of him," Edelstein said.

His own philosophy was that he had to be tolerant. He had friends who were Christians, Jews, Moslems and agnostics. Above all, he said, he had to look to where he was to blame for any sit-

Then he turned to criocizing church to which he belongs.

"Our leaders are very corrupt and our brothers from the West help to corrupt our leaders by talking only to them. They never talk to the grass roots level," he said. He also questioned the validity

of those who say there has been a resurgence of religion in Russia since the downfall of Communism. Although more people were attending church services, the number may taper off now, Edelstein said.

The conference is sponsored by the B'nai B'rith World Center and the Konrad Adenaur Foundation.

Ciechanover panel asked to resign

Ran Cohen (Meretz) yesterday asked Attorney-General Elyakim Ruhiostein to dismiss the members of the Ciechanovet Clarification Committee into the Mashaal Affair after reports that they lunched with Prime Minister Binyamio Netanyahu Friday. although he is a witness in the affair. Cohen told commission chairman Yosef Ciecbanover the committee should resign and said from the start there had been doubts about its independence and credibility,

In response, Ciechanover said the committee holds its meetings in an isolated building and hears witnesses for up to 15 hours a day. He said witnesses appearing at regular mealtimes are invited to the dining room. Io this case, Netanyahu was in the dining room when the committee adjourned for lunch he said.

"I can assure you that neither in

this case or in othet cases is the committee's work discussed during the meal" Ciechenover

Panei discusses haz-ardous materials

Ten perceot of the drivers transporting hazardous materials report being drowsy at the wheel at least once a month, the Science and Technology Committee was told yesterday by Dr. Elihu Richter, of the Hebrew University. He called the situation "very worrying" and said the main problem with the transport of bazardous materials lies with the drivers. He said it should be made certain that drivers are not compensated for

working unreasonable hours. Police Dep.-Cmdr. Eli Aroussi,

KNESSET

traosport department in the Internal Security Ministry.

called trucks laden with hazardous materials a "moving time bomb."

Lt.-Col. Dina Franko, in charge of bazardous materials at the Home Front Command, said that safety regulations at the Pi Glilot gas depot are not being implemented because of the decision to move the depot to a location further from a densely populated neighborhood.

Rabbinic court pleaders must marry

If you want to work as a rabbinic court-pleader, first get married. This is the message that came across in the answer to a parliamentary ques-

tion by Eliezer Zandberg (Tsomet) to Deputy Religious Affairs Minister Yigal Bibi. "Just as a bachelor cannot be a religious court judge, so must a rabbinic pleader be married," said Bibi. "The reason is the sensitive issues with which pleaders and judges deal which require an understanding and knowledge of family life."

Dorm rooms for Arab

The subcommittee on the status of Arab women, chaired by Tamar Gozansky (Hadash), yesterday condemned the arson attack on the home of female Arab students in Jerusalem and called on the universities to allocate places for Arab women in the dormitories because of the trouble-they-bave-in renting apartments off-campus and the threats they face there.

RABIN Continued from Page 1

Before the Knesset ceremony, Prime Minister Binyamin Netanyahu, President Ezer Weizman, and their wives will receive Leah Rabin in the Speaker's office.

A question was raised yesterdey about who would make speeches, after it became known that former Labor Party leader Shimon Peres would be out of the country.

Tichoo had previously broadened the list of speakers to include Peres, in addition to current party leader Ehud Barak, following a reported dis-pute within Labor over who should give the

It was decided that in Peres' absence, Nawaf Massalha (Labor), a deputy speaker, would address

the plenum as a representative of noo-Jews. Tichon, Weizman, Netanyahu, and Education Minister Zevuluo Hammer are also scheduled to

The memorial will apparently open directly with speeches, without a traditional moment of silence. Tichon said the Knesset presidium had received many suggestions about how to start the session, such as with a prayer, or with Rabin's favorite song, the Palmach's "Soog of Friendship."

He said it was decided to avoid disagreements by

starting with the addresses.

Memorial prayers will be beld in the Koesset synagogue at ! p.m. A permanent memorial site with a picture of Rabio and a visitors book will also be dedicated

today at the MKs entrance to the House, following a request by MK Eitan Cabel (Labor). In response to threats by Labor MKs Dalia Itzik and Avi Yebezkel to walk out during Netanyabu's speech, Tichon said be appealed to Barak and other Labor members to avoid such

disruptions. Ticbon said be also planned to call a 10-minute recess in the event that there is any beckling or other interruption, a move be said which would "leave it to the public to decide who was responsible for the lack of respect."

A special related session oo tolerance and democracy was scheduled for a later date. The first sitting of the Goodwill Forum established by MK Rafi Edri is expected to be held this morning. Another memorial is being beld at noon with 10,000 high school students at the site of the assassination, Tel Aviv's Kikar Rabin. Also participating will be members of the Rabin family and Mayor

Henry Kissinger, the former US secretary of state, will opeo a series of lectures in Rebin's memory with a talk on US Middle East policy at the Habimah theater on Sunday.

Kleiner storms out of ceremony for Holocaust fund signing

Change in Generali deal means families 'have no guaranteed access to money'

By DAVID HARRIS

MKs and representatives of Assicurazioni Generali yesterday appointed five trustees to manage a \$12 million fund the Italy-based insurance company set up to compensate families of life insurance policyholders who were killed

during the Holocaust. However, just as the signing ceremony was concluding, MK Michael Kleiner (Gesher) stormed out of the meeong, claiming the agreement signed was different from that arranged with the company. He alleged the new document does not guarantee families will be the highest priority recipients of the fund.

The agreement, which establishes the fund for 12 years, was to have included a clause guaranteeing the highest priority would go to policyholders' families, and particularly to older people. However, the document signed yesterday only gives that guaran-tee for the first two years of the fund's existence.

After Kleiner, chairman of the Knesset Insurance sub-committee. walked out of the meeting, Knesset Finance Committee chairman Avraham Ravitz (United Torah Judaism) attempted to

reduce the tension between the MKs and representatives of Generali.

"[Trustee board] members should use their discretion on this matter," Ravitz said. "This is a misunderstanding in the wording. All of us trust and support [the trustees]."

During the ceremony, Generali Vice General Manager Luigi Boglioni said establishing the fund forges another bood between the company and the Jewish peo-

The fund will be used to provide ex grada payments to families, medical and psychological help

'In my eyes Generali is condouing in its infamous ways in that it wants to take the money and to steal it from those who are entitled to it and give it to others," Kleiner charged. "The company promised to allow representatives of Yad Vashem in [to see its archives], so far this has not happened, also unlike other insurers no accounnames of Jewish policyholders."

Israeli lawyer Elisheva Ansbacher alone is acting for some 90 families who claim they hold policies which the company never met

Some of them object to the fund, which only offers them ex graoa

payments. Generali agreed to establish the fund after MKs threatened a national boycon of the company, which recently bought Migdal Insurance from Bank Leumi in one of the country's largest single investments in a financial institu-

Rosenstein released to house arrest

Ze'ev Rosenstein, a suspect in the murders of Shoshana, Yebezkel and Ilan Asian and the attempted murder of Meni Aslan, was released yesterday by a Tel Aviv Magistrate's Court on bail for two weeks of house arrest in Hod Hasharon.

Police agreed to the release after Rosenstein signed a selfguarantee of NIS 20,000, and a third-party guarantee of NIS 5,000 was posted. Rosenstein is barred from making contact with anyone else involved in his case. His passport has also been deposited with police.

Kazakhstan Airlines #211 passengers sought

The Health Ministry is seeking the identities of all 160 passengers – including 77 olim – on Kazakhstan Airlines flight 211 on October 27 to determine whether any were infected with tuberculosis by a passenger. Anyone who was on the flight is asked to go to the nearest district health office for a skin test. A man who did not inform the Jewish Agency that he was hospitalized in an acute stage of the disease immigrated to Israel last month and was diagnosed here with TB. Judy Siegel

Malaysian PM says he is not anti-Jewish

Malaysian Prime Minister Mahathir Mohamad said yesterday he had never meant to offend Jews when he spoke of a Jewish conspiracy against Moslems being responsible for Malaysia's currency crisis. "I was not saying anything anti-Jewish."
Mahathir told reporters when asked about his comments last month. He explained he was merely citing the perception of some people, which he does not endorse. "There are people who say it is a Jewish plot," he said.

Pupils allowed to grade themselves, teachers

Pupils in four schools are being asked to grade themselves. their teachers and their schools. The project, part of a larger one called "Trailblazing Schools" run by school inspector Yehoshua Lavie in three schools in Rehovot and one in Gedera, involved the pupils being asked 31 questions to provide a general assessment of their school. Arveh Dean Cohen

Squash from territories barred

A probibition on the import of squash (marrow) from the territories was announced yesterday by the Health Ministry after it received lab studies showing forbidden levels of pathogens. The ban will be in effect until new tests show the danger has passed.

Red Cross may recognize Magen David

The International Red Cross may be softening its long-standing objections to letting Magen David Adom join the organiza-oon and to recognizing the Israeli group's emblem. Stewart Jackson, chairman of the International Society of Friends of MDA said yesterday. Jackson, a New York lawyer and vice president of American Red Magen David for Israel (ARMDI), said he "wouldn't be surprised if, within a couple of years, MDA would be accepted as a full member." The issue is soon to be taken up at an ICRC meeting in Seville.

MDA to be fax-accessible

The Health Ministry will finance the purchase of fax machines for all Magen David Adom ambulance stations so that the deaf can call for help. Health Minister Yehoshua Matza decided to spend NIS 50,000 for this purpose at the request of an associaoon for the hearing impaired. Many deaf people have fax machines, but the lack of faxes in MDA stations prevented them from calling an ambulance.

Mordechai to visit Turkey next month By ARIEH O'SULLIVAN and METEHAN DEMIR

Defense Minister Yitzbak Mordechai will visit Ankara next month to strengthen military ties with Turkey, Turkisb officials said yesterday.

Mordechai's office confirmed the visit would take place but declined to provide an itinerary. Turkish officials said Mordechai had accepted Turkish Defeose Minister Ismet Sezgin's invitation to visi£

Chief of General Staff Lt.-Gen. Amnon Lipkin-Shahak was in Turkey last month. Turkish sources said Prime Minister Binyamin Netanyahu was also planning a trip to Ankara in three months. Mordechai, accompanied by a

military delegation, is expected to meet with President Suleyman Demirel, Prime Minister Mesut Yilmaz and other Turkish leaders, Turkish officials said, During the visit, details includ-

ing setting a date for a controversial Turkish-Israeli-US naval maneuver are to be discussed. The maneuver has been planned for January and is to be beld off the istaeli coast

Mordechai's discussions in Turkey are also expected to cover numerous defense issues and joint projects. The Turkish and Israeli defense establishments have considered plans to set up a satellite communication system to create a safe intelligence link, Turkish military sources said.

Meanwhile, Israel reportedly has begun delivery of air-toground, stand-off precision-guided Popeye I missiles to Turkey. At least 40 Popeye missiles, with a range of 150 kilometers, will be delivered to Turkey this year. Ankara is expected to purchase 60 more missiles next year.

Arbel to update Maccabi Australia head today on bridge-collapse prosecutions

By ARYEH DEAN COHEN

Maccabi Australia head Ronald Goldman is slated to meet today with State Attorney Edna Arbel to discuss progress in the prosecution of those responsible for the Maccabiah bridge tragedy, in which four Australian athletes were killed. A fifth is currently in very serious con-

"It's taking too long to come to conclusions," Goldman said in an interview on Israel Radio

yesterday. "It's four months now, and it's time move be considered if Israel does not do juscice that those who perpetrated this awful event are brought to justice.

Goldman said press reports that members of the Australian Jewish community had appealed to the Australian Olympic Committee to bar Israel from the Sydney Olympic Games in 2000 had been taken out of context, and were

However, he said, there had been those in the community who had suggested that such a

to the victims.

Certain suggestions were made that were juscice not seen to be done by the time the Olympics comes around, that certainly pressure would be brought on Australia in relatioo to Israel's participation io the Olympics," he said. Goldman said he also hopes to met with Prime Minister Binyamin Netanyahu during his visit, and would appeal to what he called

Netanyahu's sense of justice.

Technion workers demonstrate over dismissal plans

By DAVID RUDGE

Hundreds of angry workers burst into the office of Technion President Prof. Zehev Tadmor yesterday, after burning tires outside the senate building to protest plans to dismiss staff at the university's research and development founda-

The stormy demonstration followed the breakdown of talks between management, the Histadrut, and representatives of the workers over a recovery pro-

There was oo violence, despite the beated atmosphere, and the

protesters dispersed after their representatives spoke with Tadmor. The workers did, however, cut power supplies to the senate (administrative) building which

remained without electricity

throughout the day. Tadmor agreed to postpone a planned trip abroad to try to resolve the dispute. He called on the Histadrut and the works committee to resume negotiations.

The Histadrut maintained that management has decided to hire bodyguards to protect Tadnior and other senior staff in the event of any violent demonstrations. The claim was categorically denied by

The research and development foundation is a subsidiary of the Technion that operates as a separate body. It has run into severe financial difficulties, accumulating a huge deficit over the past two years at the rate of about NIS I million a month.

Management has warned that some facilities run by the foundaoon will have to be closed and nearly 200 of its 800 workers, including part-timers, dismissed, unless the recovery program is implemented.

Management issued a letter to workers warning of the prospect

of dismissals. The Histadrut in turn warned that it would call a strike that would close the Technion completely, if even one worker receives a dismissal

An agreement was reached in principle that 25 workers would retire and an addioooal 45 would leave voluntarily.

The talks broke down last week, however, over the workers's demands that their pensions be guaranteed.

Tadmor said he had put forward a proposal that would resolve the workers's fears, but they had

refused to resume negotiations.

IAF: We train for non-conventional attack

In a rare revelation of its defense capabilities against con-conventional weapons, a senior IAF officer said pilots and ground crews train with gas masks on and that some hangars are protected through filters and air-pressure systems.

The most relevant threat against the air force today is from ground-to-ground missiles," said the head of the IAF's behavioral department, Lt.-Col. Arnon. The missiles... are capable of being armed with both conventional and non-conventional warheads."

Tel 03-639 (13) He said the focus of the air defense ia directed at Syria, which bas bundreds of Scud missiles capable of reaching most of Israel.

"Our enemy has a good attack capability and we have to deploy accordingly," he said in an interview in B'amahaneh. According to Arnoo, NBC

(nuclear, biological, and chemical) warfare protection is pracoced in all branches of the IAF. "During an anti-aircraft exer-

cise, you can see everyone going around in NBC protective clothing as they go through the alerts and firing their missiles under all conditions," Arnon said. "There is a massive deployment to continue fighting during an attack."

Arnon said all anti-aircraft batteries along the northern front are mobile and able to jump from firing station to station on short notice. The military weekly included a

photo of two pilots wearing gas masks. Amon said the crews and pilots were able to function even if the jet had become contaminated. He also said the current IAF

assumption is that the Arab states do not have nuclear weapons, and that the aim of the training is to enable tactical warfare to continue under biological or chemical

DREAMS

VISIONS

REALITY

Join Shorashim and The Jerusalem Post Travel Club's exciting two-day, English speaking tour "down south," and see the places you've only heard about. On our way, we'll visit the Etzion Bloc and then on to Sussiya, where nothing has changed since Talmudic times and the Bar Kokhba revolt. We'll review the ancient synagogue mosaics and an audio-visual presentation. At Sdeh Boker, we'll be briefed at the Solar Energy Center, view the Zin Wilderness, and relax at the Avedet spring. The ancient Nabatean city of Avedat is next, together with the famous experimental farm which uses 2000 year old Irrigation methods that once made the desert bloom. Then to Mitzpeh Ramon for our overnight at the Ramon Inn. We'll have an "in-depth" study of Machtesh Ramon, the largest crater in the country, tour the visitor's center, examine the Lotz Cisterns ancient water storage holes and view Jebel Harruf. Our next stop is the Alpaca farm, where we'll meet these four-legged immigrants from South America, and then along the border road with Egypt to Nitzana, with a visit to its famous youth village.

The dates: Tues/Wed December 2/3 Tour gulde: Arie Salomon

On to Revivim Observation Point, set in the heart of the Negev, the Palmah Memorial and Beershebe.

The price: NIS 635, which includes transportation from Tel Aviv and Jerusalem and return, entrance to all the sites, background lectures and on-the-spot explanations. Overnight in a double room at the Ramon Inn. Dinner on the first day, breakfast and lunch on the second. Pick-up and drop-off along the route where possible, if arranged beforehand.

Beyond the yellow ribbons

Louise Woodward's hometown vows to clear the nanny's name

By DAN BALZ

LONDON - Elated supporters of Louise Woodward toasted her freedom with tears, cheers and champagne in the little pub in her home village after a judge overtumed a jury ruling that she mur-dered a baby she was supposed to take care of

But even in their jubilation, they vowed to continue their campaign to overturn her manslaughter conviction and "clear her name com-

They had tied thousands of yellow ribbons, raised thousands of dollars from all over the world for her legal defense fund, and maintained a vigil in the Rigger pub in little Elton in northwest England since a Cambridge, Mass., jury convicted her of second-degree

murder 10 days ago.

Judge Hiller B. Zobel announced Monday moming that he had reduced her conviction to manslaughter, leaving the people of Elton anxiously anticipating what her sentence might be. But not even Woodward anticipated Zobel's ruling that her sentence would be limited to the 279 days she has already served since the death of 8-month-old Matthew Eappen last winter.

She was expecting to get 10 years," her younger sister Vicky told Sky News TV from the Rigger pub. "She couldn't believe it. She's so happy. She just wants to say thank you to everybody." The two sisters had spoken by phone moments after the 19-year-

old au pair had been freed and rejoined her parents, Gary and Sue Woodward. Vicky Woodward said her sister had exclaimed that, after months inside the Framingham, Mass., prison, she now could see the city of Boston, across the Charles River from Cambridge, spread out before her from her

The trial of Louise Woodward had gripped Britain through weeks of testimony, in part because Sky News carried the case live several hours every afternoon.

The case triggered massive criticism of the American judicial system, as British viewers had difficulty comprehending US rules of evidence, the theatrics of televised courtroom proceedings and even Zobel's courtroom demeanor.

The British people quickly took sides and were outraged and disbelieving wheo Sunil and Deborah Eappen gave a television interview calling Woodward a murderer while the jury was deliberating.

The intensity and interest in the case escalated dramatically with the jury's verdict of second-degree murder, which almost no one here expected. Woodward's friends mounted a campaign to set her free. They received enthusiastic support from the British tabloids, which seized on the crusade.

Over the past few weeks, the Rigger pub in Elton had become an electronic village of television crews, newspaper reporters, satellite trucks and cables snaking through the parking area and into the pub. Local residents have been

interviewed hundreds of times by.

reporters from all over the world. Monday, her supporters gathered again in the Rigger, many wearing yellow T-shirts calling for Woodward's freedom, to learn wbat Zobel had decided.

Television watched the locals watching their newly iostalled computers, hoping to read the judge's decision when it flashed across the World Wide Web. But technology failed. The oews arrived the old-fashiooed way, delivered through speculation passed on by a television reporter, and then through official confirmation that the judge had reduced the verdict to manslaughter - but had not said anything about sentencing.

Everyone in Britain could see emotions sag io the pub as Woodward's friends realized they would have to wait another five hours for Zobel to announce the

When the ruling finally came, it seemed to take a second or two to sink in. Then there was a huge

cheer in the Rigger and a sign appeared: "Thank You, Judge Zobel." Andrew Miller, the member of Parliameot whose district includes Elton, quickly appeared for an interview. "We were all hopeful the judge would go this far," said the television anchor. Miller replied: "I just didn't believe he would do this."

15 delei 1st of dr

Even in their elation, Woodward's closest supporters declared the battle is not over. "The campaign will go on to try to clear her name completely so that at the end of the day she doesn't have a criminal record," said the Rev. Ken Davey, the vicar of Elton.

Almost lost in the eupboria was the tragedy that had produced the dramatic trial and judicial rulings.

"We must never lose sight of the fact that there is a baby who died," Davey told Sky News, "and our hearts go out to the Eappen family.... All along, our prayers have been not only for Louise and the Woodward family, but also for the

Welcome to the Cold-War Park

PANMUNIOM, South Korea - for any "injury or death as a direct pride of lacsong-dong ("Freedom Village"), on the tense border dividing the two Koreas, is its flagpole. At 100 meters high, it is billed as the tallest flagpole in

the free world. But a couple of kilometers away, in the North Korean village of Gijong-doog ("Propaganda Village"), stands an even bigger flagpole, 160 meters tall, with a

267 kg. flag. One side's freedom is the other side's propaganda in the bizarre world of the Demilitarized Zone (DMZ), the four-km, wide border betweeo North and South Korea that, despite its name, is one of the most militarized places on earth.

Most of North Korea's 1.147.000-strong army, backed by legions of tanks, artillery and chemical weapons, is deployed near the border, the world's last Cold War frontier.

Some 37,500 US troops stand alongside 650,000 South Korean soldiers in a stand-off that has existed since the 1950-53 Korean War ended in a truce, not a peace

Up until the 1970s, North Korean soldiers used to raid Taesong-dong regularly and take away a farmer or two. But after US troops began guarding its perimeter, the village of 237 people was left alone - until a 66-year-old mother and her 41-year old son were detained by a North Korean patrol on October 17.

They were released three days later, after admining during interrogation they had wandered into the North while gathering chest-nuts, Pyongyang's official media

Almost every month, an incident erupts on the border. In September, South Korean

troops shot dead a North Korean soldier who, they said, fired about 10 rounds at them. In July, the North lobbed heavy artillery shells at southern positions after the two sides exchanged gunfire. Pyongyang radio said several North Korean soldiers were wounded, but no one was injured on the southern side. June saw a North Korean soldier dashing through the minefields and barbed wire barriers before swimming across a river to defect to the

Despite the dangers, the DMZ has become a popular tourist destination, a kind of Cold War theme park. Some 100,000 tourists visit the border each year, the United Nations Command says Tourists pile into a bus at Camp

Bonifas - its motto is, "We Stand io Front of Them All" - after signing waiver forms which say the UN Command is not responsible result of enemy action "dui

tour. The bus rolls across a bridge over a 25-meter wide land mine field that runs the width of the peniosula, past anti-tank walls, through the autumn foliage to the UN truce village at Panmuniom.

There, inside a conference hall, is the famous green felt table where the two sides meet regularly to talk about truce violations, among other things. A microphone cable across its middle is the demarcation line between the two

Tourists take pictures of each other standing on the other side of the table in North Korea territory, of the stony-faced South Korean guards and the Northern soldier peering into the window, checking out the fresh batch of visitors.

People try to get the North Korean soldier to smile, but he

"lt's a little unreal." said Michael Sawyer, who is leading the tour on this day. "One day I'm doing patrols looking for North Korean soldiers and the next day I'm doing tours showing people a North Korean soldier." The bus rumbles down to UN

Checkpoint Three, overlooking

"the Bridge of No Return," where

prisoners of war were exchanged after the war. Once across, no one was allowed to turn back - heoce the name, Sawyer explains. The bridge was also the scene of the most grisly incident of the nearly half-century of uneasy armistice. In August 1976, North

Korean troops axed to death two U.S. soldiers pruning a tree blocking their view of the bridge. Checkpoint Three also gives the best view of the two villages and

their gargantuan flagpoles. On rolling hills surrounding "Propaganda Village" sit huge speakers that kick into action at night, blaring out eulogies to North Korean leader Kim Jong-il

and espousing the virtues of com-

Huge signs mounted on the hills facing the South Korean side say things such as: "We have the best

system," "Follow our leading star," "Self-reliance is our life." "Freedom Village" is off-limits to outsiders, but not for security

Tours to the village ended during the 1988 Seoul Olympics when farmers elsewhere in the south protested noisily after learning that the average income in Taesong-dong was \$82,000, the residents paid no taxes, were exempt from military service and owned fields four times larger than the national average.

list of drug-dealing countries By DOUGLAS FARAH and THOMAS W. LIPPMAN WASHINGTON (Washington Post) - US President Bill Clinton has removed Syria and Lebanon from the list of countries that play an important role in producing or shipping illegal drugs, overcoming

> insufficient to merit the change.
> Senior administration officials said the decision, made public Monday in a letter from Clinton to Sen. Charles E. Grassley, chairman of the Senate Caucus on Internacional Narcoocs Control, was a recognition of the two countries' successful eradication of the culovation of poppy plants in Lebanon's Bekaa Valley, previously an important source of heroin for Europe and the US.

Grassley, a Republican from

decision, saying removing Syria from the list was "simply a blun-der." Last week, Grassley blocked a Senate vote on four nominees to ambassadorial posts in Laon America to show his displeasure with the failure of the White House to meet a November 1 deadline for submitting the list. Once be received a copy of the letter, an aide said, Grassley released his hold on the nominees, who were confirmed

Administration officials defended the decision, saying that both countries had made progress in improving their anti-narcotics records.

The officials said the decision was independent of the Middle East peace process, in which administration officials have long sought the cooperation of Syria.

This was not a political decision, it was made on the facts," one official said. "The countries did not drug-producing or drug transit

The decision is a sharp reversal from last year, when Syria was among six countries "decertified" by the US for its failure to stem the flow of illegal drugs. The decision to remove Syria and Lebanon from the list of 30 countries that are major drug producers or transshipment points means that they will not be considered for decertification when the annual process is taken up next spring.

Although Syria no longer would be subject to sancoons that are applied to drug-trafficking countries, it would continue to be the object of US sancoons because US officials regard it as a supporter of

Both countries remain "transit areas for South American cocaine and small laboratories in Lebanon reportedly refine southwest Asian opium into heroin destined for Europe and the West," Clinton wrote, but "there is no evidence that any of these drugs reach the United States in quantities that significantly affect the United States.

State Department fears retaliation

Pakistani convicted of slaying two CIA employees in '93

By ANNE GEARAN

FAIRFAX, Virginia (AP) - A Pakistani man was convicted Monday of killing two CIA employees in a shooting spree outside agency headquarters in 1993, and could receive the death penalty.

A jury deliberated four hours before finding Mir Aimal Kasi guilty of one count of capital murder, another count of first-degree murder, and three counts of malicious wounding. Kasi showed no emotion as the verdicts were

read. The wife of one of the dead men wept softly and the sister of another smiled and nodded as the verdicts were returned. Kasi received maximum sentences of 20 years each for the three malicious wounding counts and 18 years for firearms violations. Jurors were to

sentence or life in prison for the capital murder Earlier Monday, prosecutors told jurors there was no question that Kasi gunned down the two

decide yesterday whether to recommend the death

"In this case, there's oo mystery. It's not even close - the killer, the shooter, is right there," Commonwealth's Attorney Robert Horan said, pointing to Kasi. "He was there to shoot CIA.

employees. He did what he went there for." Kasi's lawyers, who let closing arguments begin without presenting a case of their own, implored the jurors to maintain a presumption of Kasi's innocence and questioned police factics in obtaining a writ-

"It is simple to convict a person if you believe he is guilty," attorney Frank Romano said. While acknowledging that the victims were innocent, Romano said, "their innocence is not proof of Mr. Kasi's guilt." Romano also noted inconsistencies in the testimony about how and where the victims were wounded.

Horan explicitly and, at times, emotionally described the carnage from the January 25, 1993, shooting. He showed the jury photos of the vic-oms and described the way in which Kasi walked up a line of cars waiting to enter CIA headquarters and fired a dozen shots from an AK-47 assault

rifle. Eleven shots hit people, killing two and wounding three.

Kasi remained a fugitive for four years, prompting an international manhunt before he was captured in a botel in Pakistan in June. Prosecutors said Kasi confessed the shootings to FBI agents aboard a flight back to the United States after his capture, and that he again admitted to the shootings in remarks to a Virginia jailer.

The State Department has cautioned Americans traveling abroad to be aware of the potential for retaliation against American interests by sympathizers of Kasi.

In a written advisory, the State Department said "the potential exists for retaliation by Kasi's sympathizers against American interests." It said US government installations abroad bave been instructed to review their security precautions.

"While we have oo specific threat information, American citizens traveling abroad should pay close attention to their personal security practices overseas in light of the potential threat," the state-

Chinese Premier Li Peng, right, is greeted in Tokyo on Tuesday at the start of his six-day official visit by Japanese Prime Minister Ryutaro Hashimoto. Chinese premier starts six-day tour of Japan developing in step with wider

TOKYO (Reuters) - Chinese Premier Li Peng arrived in Tokyo yesterday for a six-day visit to Japan aimed at turning an often testy relacionship into a working partnership, Li's visit kicked off briskly with

summit talks with Prime Minister Ryutaro Hashimoto, reciprocating the latter's visit to China in early September.

During his stay Li will also meet top business leaders and visit leading manufacturers in Japan's industrial heartland.

The two leaders, whose meetings this year were arranged to mark the 25th anniversary of the establishment of bilateral diplomatic relations, are to agree to create a "constructive partnership for the 21st century," Japanese officials said.

fisheries treaty, the two prime ministers are expected to agree to an official visit to Japan by Chinese President Jiang Zemin around October next year.

Japan has said it hopes Li's trip will help keep Sino-Japanese ties

moves toward rapprochement in Asía, where a recent flurry of summitty has warmed ties between Japan and Russia and between China and the United

Li's visit, his first since April 1989, coincides with Russian President Bon's Yeltsin's official visit to China and follows shortly after Chinese President Jiang Zemin's high-profile US tour and a breakthrough in an informal Siberian summit between

Hashimoto and Yeltsin. Li is expected to reiterate China's worries over a new US-Japan security pact that some Japanese officials have hinted could cover scenarios around Taiwan, which China views as a breakaway province.

failed to dispel his Chinese hosis' concerns about the proposed revision of US-Japan military cooperation guide-lines, which would give Tokyo its highest military profile since its defeat in World War II.

China and Japan signed a fresh pact to replace a 1975 bilateral fisheries treaty following their ratification of the UN Convention on the Law of the Sea last year, a sign that relations have become more businesslike after a noisy row last year over an island group in the East China Sea.

Li and Hashimoto are also expected to discuss the tense Korean peninsula and Beijing's accession to the World Trade Organization. Tokyo has gone further than Western trading powers in backing China's entry to the global trade body.

Li is to have an audience today with Emperor Akthito and Empress Michiko and meet former prime ministers and leaders of major political parties.

With a entourage including Qili and senior trade official Long Yongtu, Li will later in the week visit the Tokyo headquarters of NEC Corp and Honda Motor Co and Toyota Motor Corp in Nagoya and Matsushita Electric Industrial Co. in Osaka.

War Par US veterans too old for Veterans Day drill

VERO BEACH, Florida (AP) ~ For the first time in 51 years, there was no Veterans Day parade in

Vero Beach yesterday.

There were no men marching the streets with heavy rifles cradled in their arms, no old soldiers walking stoically under the weight of their naoon's flag strapped at their belts.

The Veterans Day parade has become a casualty of the battle against age. Veterans Day, celebrated oo November 11, commemorates the armistice ending World War I and honors veterans of all wars.

The World War II veterans are simply too old to walk the route, which is a little more than a mile

"We have people who are somewhere around 80 years old, and they can't carry the big heavy flags they carried 20 years ago. said Bud Gibbs, 74, a former prisoner of war and vice president of Indian River County's Veterans Council. "We would be foolish to think we could do that, any more than we could play baseball like

we used to." Instead, a celebration was planned at Memorial Island, eight immaculate acres in the Intracoastal Waterway. Golf carts returned feeling shame or disgust

Millennium euro-bugs

Thomas O'Dwyer

software giant Novell
Corp. said this week that
he is really surprised at how bad
the problem of the so-called mil-

lemium hug is. The bug, or "year 2000 problem" means that many mainframe computers are unable to handle the change from 1999 to 2000 resulting in chaos to the systems they control. If, for example, a

bank computer reverts to 1900, the ramifications for deposits, transfers, dated contracts or insurance polices,

boggles the mind. The bug exists because programmers 20 or 30 years ago saved thenscarce and expensive processor space by dropping the first two digits of the century's years in

programs. Their assumption was that by the time 2000 came around, 1970s computers would be in museums or junk yards.

. It has come as a surprise to many of us who feel pressured to upgrade our home computers every month or be left behind in the digital rat race to learn that the programmers were wrong and that these ancient computers are still massively in use throughout industry. Estimates of the cost of fixing the millennium bug run into the hundreds of hillions of dollars.

Dead beat

It all seems so unlikely that many people feel the hug is one of those media scares or urban legends spread on the Internet like a virus boax.

But Eric Schmidt of Novell told the International Herald Tribune in an interview on Monday: "I have reluctantly concluded that all the press about the year 2000 problem is in fact correct." From such an expert, we can take this first global computer crisis as a fact.

Fixing it is even more problematic because, as Schmidt said, many of the original pro-grammers "are literally dead" and no one uses their ancient program languages any more.

Long retired programmers have landed an unexpected Golden Age bonanza by being hauled out of their rose gardens to reprogram the still-existent dinosaur machines. A friend in Dublin recently chuckled down the phone about £1,000 (nearly NIS 5,000) a day he was being paid for writing de-bug programs.

But Schmidt made an interesting point no one else seems to have noticed – that the millenninm hug is coupled with the euro, the European Union's new common currency, which is to be

launched a year earlier.

It sounds like yet another ominous note in the many discordant noises dogging Europe's march to the golden horizon of a shared currency. Schmidt said that the euro and the millennium hug could not have coincided at a worse time from the perspective of the information technologies (his

Internet facilities

Surprisingly though, there are few prophets of doom in the European Union, although there is olenty of grumbling and a lot of heated arguments. Europe's ability to confound simplistic American analyses with its own complex and logic-defying solutions is legendary historic fact.

Last year, the American business media seemed to be forming a view of Europe as a stagnant dusty museum – a picturesque and nostalgic place for North Americans to visit as they hurried onward to feed the Asian tigers with juicy investment steaks. Not hugged

Now the tigers are looking scrawny and the EU, for all its alleged "industrial hackward-ness," is looking pretty sleek. All its major economies are picking up nicely and gliding like an elegant European car into

Esoteric discussions do rage on, ignored by a largely uncomprehending and yet uninterested public as the euro currency, set to rival the imperial US dollar, marches nearer. Such issues as the level at which European exchange rates will be fixed ahead of the creation of the euro do not make for light reading. Most decisions on monetary union are already made, even if

plenty more controversy looms. The serious cloud on the EU horizon remains 11 percent unemployment, even as exportdriven growth picks up for what economists are calling a "jobless

recovery." Europe already spends so much on social welfare and high unemployment henefits that there is no cash to spare for major joh-creation schemes. Most of the unemployed are comfortable enough not to bother looking for jobs unless they pay far more than the generous benefits. This is going to be the EU's real millennium hug.

Unfortunately, there are no wise old economists to pull out

Dammed if you do

China's \$29 billion effort to rechart the Yangtze River, burying over a thousand villages in the process, has become the world's most controversial construction project

By STEVEN MUFSON

SANDOUPING, China - Here at what was once a scenic but treacherous bend in the first of the Yangtze River's legendary Three Gorges, the Chinese government inched closer Saturday to realizing a vision that combines ambition worthy of pyramid-building Pharaohs with the destructiveness

of open pit-coal mining.
As China's President Jiang
Zemin and Premier Li Peng watched through hinoculars from a temporary reviewing stand on a gash in the ravaged shoreline, teams of drivers - most behind the wheels of giant Caterpillar dump trucks - pitched load after load of granite boulders into the voracious water to complete a man-made barrier and block the Yangtze's

main channel. The plugging of the world's third-longest river at its steepest and most perilous point marked a major - and some critics fear irreversible – step forward in the con-struction of the controversial Three Gorges Dam.

The hydropower project, which will be the world's largest, is expected to cost at least \$29 hillion, tower 610 feet over the current river surface, span 6.600 feet and create a reservoir that will force more than 1.2 million people from their homes.

National television broadcast live the final stage in huilding the tem-porary barrier that will shield the dam work site from the river, a task that makes the parting of the Red Sea seem simple by comparison.

For six and a half hours, a procession of oversized earth movers - 118 per hour - dropped 45-ton and 77-ton loads of rock and gravel into a 33-foot gap in the barrier.
At 3:15 p.m., when the pool of water below the harrier grew still and the river above turned to join the water flowing through a temporary diversion channel, fireworks went off, ship horns hlared, cheers went up from thousands of spectators on the shoreline and the brass band from the Navy's engineering institute struck up "Song for the Motherland,"

Jiang hailed the event as "a remarkable feat in the history of mankind to reshape and exploit natural resources" and said it "embodies the great industrious and dauntless spirit of the Chinese trained hydrologic engineer who has championed the dam project

for more than a decade. Despite Saturday's milestone, the wisdom of huilding the dam remains the subject of debate. When completed in 2009, Three Gorges will generate 18,200 megawatts of power, 50 percent more than South America's Itaipu dam, which is the largest dam in the world.

In the United States, the Grand Coulee Dam on the Columbia River in Washington state gener-

ates 6,800 megawatts of power. The Three Gorges dam project will form a reservoir 412 miles long and inundate an area seven times the size of the District of Columbia.

For six and a half hours, a procession of oversized earth movers - 118 per hour - dropped 45-ton and 77-ton loads of rock and gravel into a 33-foot gap in the barrier.

The reservoir will bury 13 cities, 140 towns, 1,352 villages and about 650 factories. It will raise the water level hy 577 feet, submerging hundreds of ancient archaeological sites and much of the base of the granite and limestone cliffs that line the gorges and are among China's

greatest tourist attractions. The dam's supporters call it a triumph of human determination and ingenuity, crucial for controlling lethal floods and generating clean, much-needed energy for China's populous Yangtze River valley, where a third of China's 1.2 billion people live. Whereas trackers on the river banks once strained on ropes to help boats up the river, the dam will enable ocean-going ships to travel 1,500 miles inland to the

city of Chongqing.
Citing floods that have killed tens of thousands of people in the Yangtze River valley three times nation." And though Li didn't this century, Guo Shuyang, an make a speech, the day marked a victory for the premier, a Sovietmoney to solve big problems."

Critics, however, call the dam a mammoth folly, a triumph of human ego and political showmanship over reason, and an environmental catastrophe that will neither stop floods nor solve the region's development problems. Moreover, some hydrologists say the Yangtze's heavy load of sedi-ment and its shifting floor of gravel will hamper the dam's turhines, fill the bottom of the reservoir and cause even worse flooding.

The Three Gorges Project is not hydro-electric engineering project. It is a political project exhibiting all the characteristics of a centrally controlled socialist economic system," said Dai Qing, a jour-nalist and leading critic of the dam. Charging that the government has suppressed negative information about the project, Dai said, "There is no freedom to express opposi-

tion to this project in China. Amid the controversy, one thing is certain: the dam is hig. A mountain has been reduced to rubble to make way for ship locks. Workers look like anis from the nearby road as dump trucks rumble by, carrying rocky soil away.

Work on the dam has proceeded quickly, which critics say is an attempt by Li Peng to bring the project to a point of no return before his term expires next March. Now that the river has been blocked, project managers here say they are in another race: to build up the temporary dam and beat the spring rains.

Though construction started less than three years ago, the Three Gorges dam was proposed in 1919 hy Nationalist leader Sun Yat-sen. In 1944, J.L. Savage, chief design engineer of the US Bureau of Reclamation, surveyed the area and drew up a dam proposal. More than 50 Chinese engineers and technicians were then sent to the US for training. The American involvement later inspired the 1956 John Hersey novel A Single Pebble, about the voyage up the Yangtze hy a young American engineer seeking a dam site.

After the Communist takeover in 1949, Communist leader Mao Zedong supported the dam proposal. But economic disaster during Mao's Great Leap Forward and the tumultuous Cultural Revolution slowed plans for the dam.

During the 1980s, plans for the dam were revived. In 1992, Li Peng pushed it through the National People's Congress, although the proposal drew a record level of abstentions and dissenting votes.

Current project supporters argue that the dam would provide a vital source of energy. Its 26 turbines would generate enough electricity to offset annual consumption of 40 million to 50 million tons of coal, or the equivalent of 10 nuclear power stations the size of the China's Daya Bay plants or seven

hig coal thermal power stations.
Throughout the Communist era, the government has mooted dissenting views on the dam. In 1958 after Mao ended the hrief liberal Hundred Flowers period, engineers who had criticized the Three Gorges Dam project were publicly condemned and sent to labor camps. During the spring of 1989, when student-led protesters rallied in Tiananmen Square, journalist Dai published Yangtze, Yangtze, a book of essays opposing the project. After the crackdown on protesters, Dai was jailed for 10

months and the book was banned.

Huang Wanli, 86, a professor emeritus at Qinghua University, was one of the engineers sent to a labor camp in 1958. Huang, a graduate of Cornell University in 1935 and the University of Illinois in 1937, says the project engineers have ignored the thick layers of gravel and sand on the river's hedrock and moving slowly downstream. When combined with the 540 million tons of silt suspended in the water every year, the gravel and sand will collect at

the bottom of the reservoir and overwhelm any dredging effort,

Huang said. "The deposition of 100 million tons per year of cobble and gravel will certainly block Chongqing harbor, inundate the land upstream and, because of the suddenness of a large flood that transports excessive sediment, threaten great loss of life," said Huang, who favors the diversion of water to flood plains, the reinforcement of dikes and smaller hydropower projects on Yangtze tributaries.

さなからいって

Such outspokenness is unusual, "Many important people have kept silent about this highly politicized project because their positions in the Communist Party do not depend on merit but on how much. they are favored by the leaders," said Dai.

One taboo: the floods of August 1975. The extent of the damage then remains a state secret. But Human Rights Watch/Asia discovered limited edition technical books and articles that suggest that tens of thousands of people died when 62 small and medium-sized dams collapsed in Henan Province. The collapse of the biggest, Banqiao Dam, unleashed a wall of water that sped down the surrounding valleys and obliterated communities

Project officials here said Friday that past experiences and critiques have been studied and taken into account. And Saturday, the main theme was hursting pride. "This proves vividly once again that socialism is superior in being capable of concentrating resources to do hig johs," Jiang said.

'Afula Express' leads the pack By HELEN KAYE

the five top contenders among 14 entries in this year's Israel Film Academy Awards are Afula Express with 11 nominations, and Mr. Baum, The Dybbuk, and The Milky Woy, with 10 each. Minoraur trails with six. And a film that has not been nominated for Best Picture, There Are No Names on the Doors, has five nominations including Best Actor, and Best Supporting Actor, and

The first three named above are neck and neck for the six hig awards - Best Picture, Director, Actor/ress, Supporting actor/ress and Screenplay. Most of the nominated films haven't yet been screened, but Tel-Ad will attempt to show at least excerpts over the next two weeks.

For the first time in its eightyear history, the awards ceremony will not be at the Mann Auditorium but at the Tel Aviv Performing Arts Center. They'll be broadcast live oo November 19 from 9:15 p.m. on Channel 2.

There is NIS 300,000 worth of prizes (as well as the stamette) to be distributed among the winners in 16 categories.

Highlights of the evening, host-ed by Gidi Gov, include the pre-

sentation of a Lifetime Achievement Award to actress Gila Almagor.

The Jerusalem Post Wednesday, November 12, 1997

Local Oscar nominations:

Assi Dayan's Mr. Baum, a hlack comedy about the last 92 minutes in the life of an importer of sunglasses, has already won Best Picture at the Haifa Film Festival. Dayan is also nominated for Best Director and Best Actor.

As well as the hig six awards, Afula Express noses ahead with Yuval Shafrir nominated for Besi Score in this gentle comedy about a boy from Afula who dreams of the hig time as a magician.

For once io his career, multiple Academy Award winner Moshe Ivgi isn't nominated for anything in director Yossi Zomer's The Dybbuk, a contemporary version of the Anski classic sei io Jerusalem's Mea She'arim quarter. The nominees are actress Ayelet Zorer, actor Yehezkel Lazerov, supporting actor Aloo Dahan, and actress Orna Porat.

The Milky Way, a love story set in an Arab village in Galilee, gets a double nomination for Besi Director and Screenplay for Ali Nasser, also the film's producer, as well as Best Actor, Supporting Actor and Actress for Subel Hadad, Makram Khouri and Amal Morkos, respectively.

Minotour, a psychological thriller about a Mossad agent and the woman of his dreams, doesn't seem to have had a director.

Never mind, veteran filmmaker Dan Turgeman is one of the producers, the lead and the scriptwriter, so he must have had some input. Minotaur makes up the rest of its commations in categories such as Mili Avital for Best Actress and David Gurfinkel for Best Photography.
This year, for the first time, the

television awards will be divided between dramas and dramatic series. The five shortlisted from the 21 suhmitted are: Marzipan Lady, My Eyes, Shuli's Guy, Line 300 and Galitee Song. Eleven

ry have been shortlisted.

Dorit Ley Ari is nominated for Best Supporting Actress for 'There Are No Names on the Doors.'

Film industry finances

ctually," says Academy member And film journalist Shlomo Papirblat acidly, "the best film of the year is a horror movie called Notan's Ax." He means Trade and Industry Minister Natan Sharansky, who "bas worked with might and main this whole year to distance his office from the film industry and has done us incalculable harm."

It is no secret that the Israeli film industry is seriously underfunded. A program to create a \$50 million revolving venture capital film fund fell by the wayside as a result of

employed The convest rails of

says the Likud victory in the 1996 mher elections. Academy head Israel Ringel says, "We will contioue to push for the passage of the Film Law, which will include funds from the proceeds of the national lottery. Meanwhile, said Academy board member Yossi Oren.

Trade and Industry's NIS 6-7m, which went to the Quality Film Board, was picked up hy the Education Ministry, but only about 50 percent of the promised funds have arrived, which means that about seven projects are held up. We'll see the results next year."

The heart and the soul of Shlomo Carlebach

By GREER FAY CASHMAN

n Sunday, Shlomo Carle-bach devotees around the world will commemorate the third anniversary of the death of the singlog rabbi who was one of the great pioneers of Jewish outreach.

The date will also coincide with the US release of his last album, Haneshama she! Shlomo, featuring 13 of his best-known melodies recorded with bis elder daughter. Neshama. The disc is due for local release soon. Had it oot heen for a drawn-out legal wrangle, it would have been released much sooner. But it took two years of litigation before Neshama was able to get the tape from the recording techni-

It was just one of many night-mares which she, her sister Dari, and their mother Neila experienced in their relationships with some of Shlomo Carlebach's followers.

"Because I'm Shlomo's daughter, some religious men feel they bave the right to take advantage of me," Neshama told The Jerusalem Post. "If I was Shlomo's son, it would be different. Even his hevra think they have more rights to my father than his legal beirs do." There was no contradiction from

her fiancé, Daniel Richman, whose parents became Carlebach followers before they were married. A science student at York University, Richman, who spens much of his childhood at Meor Modi'im, the moshav founded by Shlomo Carlebach, has known Neshama all her life and is only too familiar with the battle which she and her family are waging against those who seek to profit from tapes and notes they made of her father's singing and teaching.

Neshama's singing style is a synthesis of Jewish and universal soul music. Her body language runs the gamut from dreamy to sultry and provocative.

"My father was a whole religious experience," she explained. For me it's not so much that because I'm a performer. I feel my father was limited because he was a rabbi. He didn't perform for the sake of performing but to get his rabbinical message across."

At 22 years of age, Neshama Carlebach has the poise and professionalism of a seasoned trouper. She deliberately chose the double meaning title for the album. Her name means "soul" in Hebrew, so the title can be interpreted either as "Shlomo's daughter" (Neshama) or "the Soul of

Neshama Carlebach's new disc features 13 of her father's most famous melodies.

(Sarit Uziely)

Neshama has given scores of performances in Canada where she lives, the United States, Europe and Israel.

When she came here from Poland in mid-May, after having been the song leader for the March of the Living, she had oo concert plans. But wheo word got out that she was in the country, she was snapped up hy Israel Television, the Pargod Theater, and several other outlets. There wasn't enough time during the month that she was here to take advantage of all the radio, television and concert offers she received:

In Poland sbe taught her group the Cracow Niggun, written by her father. "I taught it to them in the Alte Schul. It was the best experi-

ence in my life." Career-wise, her first love was acting. A humanities studeot at York University in Toronto, she spent her first two years there studying acting and theater. Her first public appearance as a singer was in Arizona when she was 15. She had been studying singing for two years but had always been shy about performing in front of her father. When she finally mustered the courage, he was enchanted. While giving a concert in Arizona, he announced to the audience that Neshama would also sing. After that, they frequently sang together. Two weeks before he died, they recorded the album which the family has labored so hard to pro-

Has the fact that she's Shlomo Carlebach's daughter been a belp or a hindrance to her career? "No one has ever asked me that," she said. "I'll have to think

She wouldn't have had the same passion for his music if it wasn't her father's, she cooceded. "I think I would have stayed in acting. My calling is different than his." But the fact that she immersed herself in perpetuating his music helped her to cope with his death. "li's been a mourning experience but it's also been therapeutic." The mission which she took upon herself has given her new insights, inspiring her to think about how she can bring boliness

to what she's doing.

Her immediate amhition is to adapi her father's songs into English - "but I doo's know if is will work. I've been talking to a lot of people in America and they say if only it was in English, it would be more accessible." She's ool sure that she would translate the lyrics, which are all taken from holy texts. She might create new lyrics which would retain the spir-

it of the original but would go over better in English than a translation. She has already added some English songs by Seth Glass to her repertoire and is very enthusiastic

about them. As important as it is to her to continue singing her father's songs, she understands that sooner or later she has to find her own path. Glass is a significant step-

ping stone in that direction.

While her father had limitations as a rabhi, Neshama has limitations as a woman. Many Orthodox men who observe the prohibition against listening to a woman singing will not attend her concerts. But she received the approval of Rabhi Mordechai Tendler, the grandson of the great halachic authority Rabbi Moshe Feinstein, 10 sing in front of men. Tendler, a noted authority in his own right, has been her spiritual

"Some men with shtreimlech come to listen to me sing," she said. "They say they come to my concerts because I move them. Kol

isha is not a law but a custom." Soft-spoken and affectionate like her father. Neshama is more determined and manages to get her own way without raising her voice. During her last visit here, at an ITV recording session for This Month, she asked for a sound monitor because she couldn't hear herself. The television crew tried to talk her out of it. She didn't throw any tantrums; she didn't scream or shout, she just askedagain and explained that she

wouldn't be able to do her best if they couldn't accommodate ber. They did. She gave a better performance than she had without the monitor and they applauded her.

Although she has broken some Orthodox taboos, Neshama does not class herself as an Orthodox feminist. "I'm very much into equality, not necessarily feminism," she explained.

The release of Haneshama shel Shlomo is a milesione for Neshama in that it marks "the end of an era." It is an important tribute to her father, and it means that she can now start concentrating on her own career and her own needs.

The Magic of Feuermann

CLASSIC DISCS

By Michael Ajzenstadt

manuel Feuermann (1902 1942) is one of the finest disc on the Magic Talent label (CD 48025) is a pure delight, revealing his warmth of tone and versatility as a musician. This onehour disc features recordings of miniature cello pieces recorded between 1927 and 1939. There are some very well-known pieces like the Schumann Träumerei or Bach's Ave Mario and Rimsky-Korsakov's Hindu song from Sadko, as well as a delightful Spanish dance hy Granados and works by Giordani, Valensin, Cui and others. In many of these short works, Feuermann is accompanied hy Michael Taube, who for many years was a regular conductor of the Israel Philharmonic Orchestra.

His rendition of the Brahms first cello sonata is one of the more evocative recordings of the sonata I have heard in a long time - deep, mature, exhilarating and, most important, sincere.

Feuermann, who was born in Galicia, studied the cello with his father and made his recital debut in Vienna in 1912.

His official dehut with the Vienna Philharmonic came in February 1914, playing the Haydn cello concerto under Felix

At 16, he was appointed to the faculty of the Gurzenich Conservatory in Cologne, where be was the first cellist in the orchestra as well as a member of the Bram Eldering Quartet. A typical review from the time praises his "unlimited technique ... the intensity if his timbre ... in turn warmly dreaming and ecstatically temperamental."

He began recording in 1925 and ultimately made close to 80 records. He was forced to leave Germany once the Nazis came to

Feuermann bad very specific ideas about music in general. He once said, when asked about tal-ent, that "as in driving a car, so much has to be done at the same time that it seems impossible that it could ever be done mechanically, without deliberating about each movement beforehand.

"What is talent - desire to make sounds? Desire to create something beautiful? Vanity? A longing for something inexpressible? The fiogers? The powers of conceotration? Talent is composed of many talents and is dependent oo fate. One likes serious music, another likes lighter music; one likes classical, the other modern.

"Speaking of the purely physical aspects, one may have a better left hand, the other a better right; one may have faster fingers, yet many bave difficulties with trills; and staccato and spiccato are accomplished differently hy each play-

"The greater the talent, the greater the number of these qualifications the performer will be able to accumulate."

Dancing to the same tune

To one seems particularly worried by the all-singing and dancing visit of Russian President Boris Yeltsin to President Jiang Zemin in China. Quite the contrary - now that the racist old ghosts of red menace and yellow peril have been laid to rest, the solution of the long-standing border conflict between Russia and China removes one more niggling danger point from a world that's dangerous enough, even without a Cold War. Both leaders deserve praise and congratulations for declaring their frontier problems over, the first such declaration since their sporadic horder wars, often fought on river ice floes, in the 1960s.

The dispute was supposed to have been settled by a 1991 agreement. In this both sides actually mapped out the whole 4,300 km of frontier for the first time in the bundreds of years they bave fought over its complex meanderings. The accord was loudly trumpeted at the time as historic and final, but has been tied up in legalistic wrangles and sniping ever since. The joint declaration of this week's summit - only their fifth, surprisingly enough - has laid the matter to rest at long last, say the leaders. The rest of the world fervently bopes so, this time,

On a more practical level, the two giant countries have agreed to try improving their extraordinarily low level of trade via a \$12 billion pipeline to bring gas from Siberia to China. For Jiang, the Russian's visit is his second foreign policy coup in as many weeks, following up his "strategic cooperation" agreement with the United Sates with these "constructive cooperation" accords with Moscow.

Yeltsin's motivation for going to China is more complicated and is undoubtedly tied to his developing ideas of replacing the former bipolar world of East-West domination with a multilateral one. The aim of this, of course, is to undermine the status of the US as the only superpower and, in Russian eyes, the self-styled leader of the world.

Coming so soon after Jiang's important visit, to Washington, the trip (although undoubtedly planned long ago) seemed almost designed to make it clear Russian will muscle in on any double-act power play by President Bill Clinton. This is not necessarily done in any unfriendly fashion - it is rather a continuing affirmation that Russia remains an important country. Russia, too, has missed out somewhat in the fast-moving economic developments of the Asian region and Yeltsin is quite right in suggesting that Russia deserves a bigger role there. His trip to China came a week after Japan's Prime Minister Ryutaro Hashimoto

traveled to meet Yeltsin in Siberia.

Russians at home, however, seem weary of big-power politics and the pretensions that go with them. Most media commentators were unimpressed by the hear hugs, off-key singing. and chatter about the grandchildren the two presidents shared, but zeroed in on the stagnant bilateral trade between these two neighbors.

The total trade of \$7 billion between these two giants with their huge populations cannot be described as anything but lamentable. Several hundred existing, but roainly unimplemented. agreements were supposed to hoist this volume to a still-modest \$20 billion by the end of the decade. (Chinese trade with Japan is around \$60b. a year and with the US around \$50b.) Though grievances were not aired publicly, Russians also resent some restrictive Chinese trade practices, which keep out many Russian

Behind all the supposedly concrete political. strategic, and economic agreements, the two powers that physically dominate so much of the globe remain paper tigers - long on documents and sbort on implementation. The gas-pipeline project will be the first serious test of solid progress between Moscow and Beijing. Under the plan - still a draft merely initialled by the principals - Siberian gas would flow to China's east coast and on to South Korea and Japan for an initial 30 years.

Russia needs a success story on the Chinese economic front. It was recently humiliated by failing to win an key international tender to supply the generators for the colossal Three Gorges Dam project on the Yangtze River. Russian officials offer no excuses as to wby they fail in belping to supply China's great development programs - Russian companies simply lack modern professionalism in dealing with the Chinese, whom they have long considered backward. Now it is Russia that looks backward and loses the juicy contracts China is awarding. It was clear the dismal economic situation would not go away as Yeltsin yesterday took his bandwagon to the industrialized city of Harbin. with the declared intention of jump-starting moribund cross-border trade. Lively and diverse trade was for centuries the plus side of the Route in the South to the diverse back-and-forth buying and selling of the North. Crushed by latter day tariffs, taxes, and bureaucracy, it stands at a measly billion dollars a year. Yeltsin said be is "very happy" economic ties are getting better with China. His happiness seems to everyone

else both premature and exaggerated.

The Qatar boycott

hortly before he died. Sir Isaiah Berlin jokingly said in an interview with the London journal Prospect, "I try not to read things I agree with. because they bore me.

There are not many people like him. Others like to hear the same things twice or three times, as we saw-last week in rallies, conferences, lectures, speeches, statements and radio and television interviews. The commotion surrounding the old subjects obscures the new trend in the Middle Eastern power struggle and the choice now facing the Arab world: plans for economic development. which will be the focus of the conference in Quatar next week, and Islamic unity, which will be the keyword of the congress in Teberan next month.

The American administration has accepted the excuses of certain Arab leaders who made their participation in the Oatar conference conditional on Israeli concessions to the Palestinians. This narrow perspective on the Israeli-Palestinian conflict ignores the true motives impelling Arab leaders to prefer Teheran over Qatar, in spite of the hatred and tension that have characterized relations between the Arab countries and the Islamic republic in Iran.

Secretary of State Madeleine Albright was even quoted as saying that if the Qutar congress fails, it will be Binyamin Netanyahu's fault for not having made gestures to the Palestinians that could have influenced the Arah countries in attendance at Doha. This halfbaked claim is intended as a signal to Netanyahu before their meeting in London on Friday.

In fact neither the delay in the execution of the second stage of the IDF withdrawal from Judea and Samaria, as demanded by the Palestinians, nor the time-out in settlement construction called for by all of the Arabs, is the reason for the minimal Arab participation in the conference.

MOSHE ZAK

The reason can be found in the attempt hy Moslem countries in the region to fill the vacuum left by the Soviet Union since its dissolution. Iran. like Iraq, is anempting to take Russia's place as a counter-balance to American supremacy in this area. Before the invasion of Kuwait, Saddam Hussein urged the Arab countries to unite against US domination, so that it could not dictate oil prices

This narrow perspective on the Israeli-Palestinian conflict ignores the true motives impelling Arab leaders to prefer **Teheran over Qatar**

in the future. But while Iraq justifies itself in terms of a war against economic domination. Iran emphasizes the ideological motive of the "war against Satan."

THE tendency in Arab countries is to prefer the rhetoric of Islamic fundamentalism expected at the Teheran gathering to the economic benefits likely to stem from the Qatar conference. This is because they suffer from Islamic fundamentalist terrorism and they imagine that appearing Iran. master of Islamic terronism in Arab countries, is likely to curb this threat. The Saudi foreign minister announced his government's decision after meeting his Iranian counterpart who visited Jedda on Monday.

If the Arab leaders felt that courting Iran and preferring Teheran to Oatar was liable to harm them economically; to be

precise, to endanger the economic aid they receive from the US, they might think twice before provoking President Clinton by capsizing the economic conference that the Americans initiated. But for some reason they are confident that the US will turn the other cheek, and not reduce the generous aid it pro-

vides them. Saddam Hussein's challenge to American domination in the region, rather than Israel's refusal to perform immediately the second redeployment, is the motive behind the Arab countries' demonstration of independence from the US.

They have proved this in two

In spite of American pleas, the Arah countries have not given up their demand for an emergency session of the UN General Assembly to discuss Israeli settlements in Judea and Samaria and Israel's construction work at Har Homa in Jerusalem.

Secondly, although they know that the success of the Qatar conference is a test of American prestige, they have mostly criticized it and declared a boycott.

It is not clear whether the full hoycott will last until the conference's opening date. But the Arab euphoria at saying "No" to the Americans accelerates both their statements and their demands.

In fact, the immediate execution of the second redeployment will interfere with progress in the negotiations on the permanent settlement with the Palestinians, negotiations recommended by Henry Kissinger for a territorial compromise on the lines of the Allon plan will be reduced after most of the territories are in Palestinian hands following the second redeployment. In the final analysis the essence of the negotiations is achieving peace, not ensuring withdrawal.

What words mean

RUTHIE BLUM

the consensus among Left, Right and Center these days is that words can kill. Language, we believe, is a powerful tool at best, and a dangerous weapon at worst. As such, wordusage should be weighed and monitored by all. Particularly those of us for whom the pen or the platform provide our livelihood.

In this context, a word couplet which has become an integral part of our collective vocabulary deserves special attention: "peace process." This is the idiom commonly used to refer to, to be synonymous with, and to define the Oslo Accords.

The sentiment that the bullet which killed Israel's prime minister two years ago should not be allowed to kill the peace process inspired an estimated 200,000 mourners to swarm to the rally in Tel Aviv on Saturday night. High above the mass of heads, "Save the Peace" banners waved alongside posters of the murdered premier. From the podium, Labor Party chairman Ehud Barak promised not to "let the peace fire die." From the same podium, former prime minister Shimon Peres promised not to "cease telling the people that peace is possible...'

NEW TO STORY .

Now, as far as terminology goes, to say that a bullet killed Yitzhak Rahin is accurate. This is why Yigal Amir - the man who fired the shot - will spend the rest of his life in prison. But to bemoan a waning peace process is to embrace a misnomer, For, calling the Oslo Accords a "peace process" is like calling the signing of a ketuba a "love process." The latter may or may not have begun prior to the former, and may or may not evolve subsequent to it, The former is part of the process the part which seals the deal - but is not inherent in the latter.

The Oslo Accords, like weddings, are contractual agreements. That they were signed by two parties tells us nothing more about

Those of us weeping at the prospect of a dead peace process. can put away the? tissues. Something which was never alive cannot die

the nature of the process than a wedding band reveals about the nature of a couple's marriage. Peace, as defined by another

assassinated leader, John F. Kennedy, is "a daily, a weekly, a monthly process, gradually chang-ing opinions, slowly eroding old barriers, quietly building new structures." Not a Merriam-Webster formulation, perhaps, but one which few Israelis would dispute.

Whether it would be disputed by Palestinians is unclear. What is certain is that it bears no resemblance wbatsoever to the Palestinian Authority's definition of the Oslo Accords.

In an interview which appeared in the PA weekly Al-Bilad last Thursday, PA Legislative Council member Jamal Shati described the Accords as follows: "...the Oslo agreement is not a Palestinian choice and not a histonic reconciliation between the Palestinian people and the Israeli occupation... I view [it] as a stage that was forced on us... The Palestinian people accepted it as a stage toward the fulfillment of the Palestinian national plan which is expressed in the [right of] return, self-determination and the establishment of a Palestinian state with its capital in Jerusalem ... '

SO maybe lexicography wasn't Kennedy's forte. But no thesaurus l can think of would classify the following statement - made by Arafat to a group of Arab diplomats in Stockholm two years after signing the Oslo Accords - as having the same meaning as 'peace process":

You understand that we plan to eliminate the State of Israel and establish a purely Palestinian state. Jews will not want to live among us Arabs... I have no use for Jews... We now need all the help we can get from you in our battle for a united Palestine under

total Arab-Moslem domination!" Linguistically speaking, those of us weeping at the prospect of a dead peace process can put away the tissues. Something which was never alive cannot die, any more than love which never existed can be lost.

If words can kill, they most surely can mislead. Instead of spending so much national energy engaging in hair-splitting debates over the meaning of such words as "incitement" and "unity," we would do well to note the unambiguous language being used by the cosigners of the contract we've spent the last four years cloaking in euphemism.

How to stop car theft

I am willing to bet that the peo-

ple present at that discussion did-

n't really know what the present

law, related to this area of criminal

activity, actually is. If they did,

they would have soon realized that

changing the law is not the central

issue in fighting this blossoming

ne of the ways the powers-that-be prefer to shun responsibility is to say that the law needs amending. At any rate, this was one of the arguments undergoing major shifts. used by the police to explain the outrageous and constant growth of car thefts, during a Knesset discussion of the possibility of further law

being diverted to local Jewish institutions in America. This is in no way considered to be retribu-They simply do not believe

The American Jew even stands accused of not being a Jew, or at least not being Jewish enough in and for Israel, Israelis can stew in this paradoxical situation they

Car theft as an established industry is not new. It already reached staggering proportions in 1988 and 1989. In 1990, I managed to push through a piece of novel legisla-SAMUEL BOSHES tion in the penal code specifically

attacking this unlawful industry amendment 28. This amendment deals with each

and every aspect of the industry, right down to the people who make it their business to sell stolen cars or spare parts. The punishment is 10 years imprisonment. No one who has anything to do with car theft - forging the vehicle's identification marks. forging ownership documents or dissembling the vehicle - can escape from this special law.

The law embraces every offender and the elements of each offense is defined in a way that the prosecution will not bave a bard time in proving its case. The severity of the punishment is significant indeed. There can be no doubt as to what the legislation sought to achieve: To give the police, the prosecution and the courts a legal tool with which they can effectively fight the car-theft industry.

However, this industry is flourishing and prospering. Not because the law is weak, but because its implementation is poor.

With NIS 2 billion worth of dam-

URIEL LYNN

age and 45,000 stolen cars in the current year, it is also an economic problem. But it goes beyond that, It is not merely a menace to our property. It defies the very concept of our right to own property, as we stand completely helpless before the criminals. It is also a sign that our current

Much of the promlem lies in our relations with the PA

relations with the Palestinian Authority are founded on rotten ground since the PA regards the stealing of our property a matter of merriment and valor. And let us make no mistake about it, we are partners in helping this industry mushroom to what it is today. Instead of fighting it with full force, some of us, including government officials, like to say that everyone benefits from car theft. On top of it all, we even cast a shade of legitimacy to the crime. Some car owners go to specific locations controlled by the PA in order to negotiate the redemption

ALL this can be changed, not through escapism and excuses, but through direct action. First of all, we have to push the war against this growing crime a little higher on our list of national priorities and force the government to assume responsibility.

of their stolen car.

The first and most important line of action is more effective law enforcement. Even with its existing manpower the police can do much more than it has done. They need to deploy more policemen at the scene of the potential crime - not with their blue lights flashing but on undercover patrols and in ambushes. They the Knesset Law Committee.

should put temporary road blocks on some of the routes which are used to move the stolen property inside and outside the country. There should also be a direct and answerable telephone line from citizens to the police stations so that car theft can be reported on

The prosecution has to perform its duty and indict criminals forthwith. It also has to press the courts and demand the full punishment as written in the law - five years imprisonment for the thieves and 10 years for the people who are engaged in the industry as if it were their business,

The courts must also change their anitude. A professional car thief, caught on a repeated offense, must be remanded until the end of the proceedings, as he constitutes a real threat to public safety. The courts should also level punishment commensurate to the severity of the crime. We need to uproot this organized crime and the only way of achieving that is by strengthening the deterrent power.

Better law enforcement will not be enough. Much of the problem lies in our relations with the PA. But why should we blame them? Our government itself made this issue of stolen cars making their way to PA-controlled areas a matter of secondary imponance. This has to be changed. We have the full moral and legal right not to transfer them tax money collected here as long as they encourage the stealing of our property. I believe this kind of an argument would be understood in estern countries if we believed

There is another alternative not to do much more than what we are doing today. To witness in three years' time the theft of 70.000 vehicles and to talk again about the need to change the law.

The writer is a former chairman of

Taking our own pulse

t seems as if it is becoming an annual ritual. anniversary of Yitzhak Rabin's death is beginning to evolve into an occasion to take the pulse of our national and spiritual life, to examine relations between Left and Right, religious and secular, look at the ways in which opposing camps treat one another, and, inevitably, look in the mirror as a nation and ask ourselves whether it could ever happen

12, 1937 The Jenusale

mean

RUTHIEP

In the weeks following the prime minister's assassination in 1995, there were calls on all sides for a heshbon nefesh, a soul-searching.
We knew we needed to ask

ourselves bow we arrived at a situation in which a Jewish Zionist could end the life of the leader of the Jewish state. And, perhaps more importantly, we needed to analyze what should be done on a public, political and educational level to prevent such violence from occurring in the future.

Has such a process occurred? The view from intellectual cir-

cles is pessimistic. Even those who 'Anybody who believes ohserve superficial changes that a true soul-searchin Israeli sociing has occurred will ety, question

whether fundamental attibe sorely disappointed.' tudes have truly changed. Moshe Lissak, Hehrew University

professor of sociology and an Israel Prize winner, drew encouragement from the mourning rituals in the wake of the Rabin assassination: the gatherings in public squares, the candle-lightings, and graffi-

In 1995 he said bopefully that "I see such rituals as medicine for the long-term future, an injection that could beal our sick political system. It is possible that just as doctors can give pills against pain, the images of this week can stabilize the patient our nation - as it tries to recover from what it has experienced."

Those of us we:

tissues. Someti

which was ner

alive cannot 6

Speaking today, Lissak says that anybody who believes that a true soul-searching has occurred will be sorely disappointed." In his opinion, the beliefs of the far Right have not changed and the potential for violence still exists.

A survey, whose release was timed just before the anniversary of Rabin's death, found that 27 percent of religious youth questioned justified Yigal Amir's act.

One doesn't have to read a survey to realize that the murder of Rabin and the subsequent election of Binyamin Netanyahu forever "changed the political map in Israel; those who believed that you can change through murder received encouragement," asserts Lissak, On a brighter note, he believes that there has been an improvement in the tone of public and political dialogue over the past two years.

"To an extent, the general tone in the rhetoric of the major parties is different than before the assassination. I would say the dialogue doesn't have the crude and extreme tone than it had before. One can say that the murder was a turning point; after Rabin's assassination, every utterance is examined to see if it can be interpreted as incitement to physical vio-

Still, Lissak says, it is doubtful whether this rhetorical change represents a true moderation of

The truth is that it's very hard to know if there is a real change in the rhetoric of the Right wing. because the Lahor Party is not in power making large-scale territorial concessions for peace. That would have been the real test; and will be if it ever occurs.

Dr. Charles Liehman, who teaches religion and politics at Bar-Ilan University. believes that the 1996 election interrupted any serious soulsearching process that had - Prof. Moshe Lissak, taking been

place among the

religious Right.

"Had the Left

wing won the 1996 elections, it would have deepened the crisis that was hrewing within religious Zionism regarding the Greater Land of Israel; the issue would have come to a head and had positive consequences," he maintains.

Hebrew University

"Overall, I think that things are back exactly to where they were," be says. "It appears to me the assassination had no impact in terms of changing Israeli society. That's the way it seems to me. It's quite remarkable and very disappointing.
The only real serious soul-

searching that I can see," continues Liebman, "went on in a very small segment of the religious camp - the left-wing dovish religious Zionists. I think that in this very tiny wing, there was a feeling that in some broad way the religious Zionists bore some responsibility for the murder, because of the careless talk labeling Rabin a traitor. What it has led to is a far greater open-ness and willingness of the dovish camp to speak out on religious-political issues, to make their voice heard."

The Left is partially responsible for preventing a true selfexamination among the religious Right, Liehman charges. "Arguahly, the attacks by the Left hlaming the religious for Have we learned any lessons since the murder of Yitzhak Rabin? Allison Kaplan Sommer speaks to leading intellectuals and emerges with a discouraging picture

our leadership. It is too important to them that we remain divided, in camps, and their rhetoric promotes this. The ideological differences between Barak and Bibi are much smaller than those that existed between Shamir and Rahin, hut the style is much more confrontational and much more

worrisome. Prof. Yaron Ezrahi of the Israeli Democracy Institute doesn't buy Elon's theory. "Blaming the politicians is an automatic response, but I don't think it applies," be says, characterizing the splits in Israeli society as "deep and many-layered," far more so than they were two years ago.

Furthermore, continued verbal attacks on the legitimacy of the Supreme Court and violence such as the recent burning of the (Dor "Peace Generation" Shalom) headquarters, demonstrate that "the hard religious core which supported the assassination has learned nothing," says

He believes that secular Israelis are becoming increasingly awarc of the dangers of mixing religion

and politics. But, he adds, any attempt hy secular Israelis to discuss the attitudes that led to the assassination "are commonly construed by

religious sectors as attacks on

them. Their defensiveness makes it difficult for the society as a whole to face the past and realize that the assassination was a threat to every form of Jewish solidarity in this country.

He believes that in the national religious camp, only a small group of Orthodox intellectuals have engaged in any real soul-

searching.

It has been very very impressive, hut the influence on the masses ... bas been sorely lack-

ing," he says.
"The most serious faiture," continues Ezrahi, "and this is startling and disturbing, is the fault of Minister of Education Zevulun Hammer of the National Religious Party. In his term all he has come up with is deciding to strengthen lewish education with his 'Education for Values' program, but this is not even remotely complemented hy education for democratic values. That democratic education in the religious sector is in such a dismal state is a failure

which is disturbing and unfor-

givable.' Prof. Shalom Rosenberg, of the

> Jewish philosophy department. is less condemnatory. helieves there is a new cautiousness in the national religious

that

since the Rahin assassination and a willingness to monitor itself. "I think the national religious understood the problem, they understood they bave to be

careful, to monitor their extremism. That doesn't mean that the extreme fringe doesn't exist. But the mainstream is more aware of the dangers and tries to guard against them," Rosenberg stresses that those

who are focusing on the tone of the political debate are missing the point. "The Left says some terrible things very elegantly.

The Israeli theater and art world is full of rude attacks against Zionism, against the Jewish religion, said very beautifully and nicely. The people who work in the market who don't speak that intellectual language, say generally right-wing things in a much more crude manner. You can call someone a Nazi in a nice way or a crude way. That is not what is important."

As for the Left's charge that the religious Right has been unaffected by the assassination, Rosenberg says: "If the Left believed that hy searching their souls the religious Right were going to fundamentally change, they were mistaken.

"Heshbon nefesh does not

mean abandoning one's political beliefs and it does not mean ahandoning one religious heliefs, either."

What went wrong at Bar-Ilan University?

The shots fired by Yigal Amir two years ago changed the image of Bar-Ilan University overnight for many from a respectable institunion of higher learning to a fundamentalist swamp, nurturing murderous fanatics with kippot.

Dr. Menahem Klein, a faculty member who undertook to write a book about Bar-Ilan in the wake of the Rahin assassination, helieves that the university, founded hy the national religious movement, bas been blamed for the wrong reasons. It was not its ideological influence that can be faulted, he says, but the fact that it offered virtually no ideological influence to offset that brought in by students coming from

nationalist yeshivot. "Unfortunately, the university had stopped serving as a model for the national religious sector which it once was," said Klein, who teaches Palestinian politics. in an interview this week. "It is the nationalist yeshivot which create the values adopted by this natinnal-religious subgroup. Any rabbi in a third-league yeshiva has more influence than a Bar-Ilan professor. The university failed to huild a wall between itself and that society."

The story of Bar-Ilan reflects the dramatically changed nature of Israel's national-religious camp since the Six Day War. Founded in the mid-1950s, the university was seen as part of modern Orthodoxy's wholesome integration into the state, along with other symbols like

Dr. Menahem Klein argues that the university has been blamed for the wrong reasons. It didn't produce Yigal Amir. But it didn't offer a strong enough alternative to counter his warped ideology, **Abraham Rabinovich** reports

Orthodox paratroopers. In bis book published this week, Bar-Ilan: University Between Religion and Politics (Magnes Press), Klein notes that the university's founders made a critical decision not to follow the pattern of Yeshiva University in New York but instead followed that of Catholic universities in the US like Notre Dame.

The former was a university set up alongside a yesbiva in order to provide instruction in medicine and other secular areas while Jewish studies were confined to the yeshiva itself. The Catholic universities in the US, says Klein, in order to achieve broad academic recognition, went through a process which led them by the 1950s to minimize or altogether neglect reli-

gious studies. "The founders of Bar-Ilan didn't want to build a yeshiva and alongside it a university," explains Klein. "But they faced

Orthodox kihbutzim and an identity crisis. In what way Orthodox paratroopers. In bis would they be a religious univer-

The university could not ignore Darwinism, for instance.

All teachers, including secular teachers, are obliged to wear kippot in the classroom and only get-togethers.

but it did find certain narrow areas in which to distinguish itself from other universities as a religiously oriented institution. To avoid confrontation with nudity that a fine-arts department would engender, for instance, it confines itself to a department of Jewish art. It does not offer a course in Bible studies in order to avoid flagrant challenges of biblical criticism, but it does permit this indirectly in archeology and history cours-

proliferation of yeshivot in the country, a kollel was set up on campus in which students can study Talmud in the morning. For this they receive a stipend which helps offset the cost of their secular studies in the afternoon. Amir was a member of the kot-

Despite all this, however, the religious nature of Bar-Ilan's student body over the years has in fact sharply declined. In its early years, 80 to 90 percent of Bar-lian's students were religinus. Today, says Klein, only 30 to 40 percent are estimated to he religious. The university's policy, he said, is to seek a 50-50 Orthodox-secular balance. Since university rules forbid asking a student the degree of his religiosity, the administration attempts to achieve this balance by drawing on sufficient students from religious high schools to fill this quota. However, says Klein, many graduates of religious high schools have turned secular by the time they reach the university's gates after passing through the army. In addition, many of those graduates of yeshiva high schools who remain Orthodox today choose to go to a hesder yeshiva rather than university. Some of these, like Amir, later come to Bar-Ilan to study practical fields like law or business

administration. The faculty in Bar-Ilan's early years was virtually 100 percent Orthodox. Today about one-third

Bar-Ilan University faculty-student rally for tolerance shortly after Rabin's assassination.

In the 1950s and '60s, Bar-llan was at the center of national-religious life," says Klein. "After the Six Day War and the rise of the Greater Israel movement the source for creating values for this population shifted from Barllan to the yeshivot. Even students coming here from the yeshivot to study economics or business management keep their loyalty and moral attachments to the rabbis in the yeshivot. Amir is a product of that society."

Klein, who is bimself Orthodox, says that Bar-Ilan's error lay in not being able to filter out the extremist influences reaching the campus from the yeshivot. There is a red line beyond which

ideology is corrupted," he says. There is nothing wrong with the ideology of Greater Israel - until that point. There is nothing wrong with belief in the Messiah - until that point. The university did not develop the necessary filters."

It began to do so after the assassination, says Klein. "It put an emphasis on teaching democratic values and tolerance. It banned political demonstrations. It encouraged Orthodox-secular dialogues. Is this enough? I don't know. The university administration is itself part of its communi-

Broad condemnation of the university such as that which followed the assassination is not

helpful, says Klein. "I suggest instead that critics encourage Bar-Ilan to reinforce academić norms and stand against the negative aspects of messianic ideol; ogy and Greater Israel ideology."

Yigal Amir did not derive his ideology from Bar-Ilan but from the world of nationalist yesbivot and from weekends in Hebron and other extremist centers, maintains Klein. Margalit Har-Shefi and others in his circle at Bar-Ilan likewise brought their worldview from elsewhere.

"The question is, once they reached the university why didn't they start thinking differently? Why didn't they raise questions about their beliefs?"

A walk on the wild side

By BATSHEVA MINK & DAVID BRAUNER

ne of our earliest recollec-tions of wild plants was seeing a field of red poppies growing tu the English countryside. Although enchanted, it was not until many years later, after coming to Israel, that we started to take a real interest in wild flowers.

On our first visit to the Galilee, we had to keep reminding ourselves that the magnificent carpets of flowers we saw were growing in their true homes, and not in garden escapes (that is, garden plants escaped to the wild). What really strikes us as we travel the country ain spring is the sheer abundance of garden treasures growing quite happily without any help from us.

Beautiful flowers like the poppy, cornflower, cyclamen, anenome, buttercup, chrysanthemum and Tupin have been part of the European garden scene for so long that we tend to regard them as part of a shipment of plants brought in from the nursery rather than species that somewhere grow wild in the hills. Considering Israel's small size the country possesses one of the richest plant kingdoms in the world. Few regions elsewhere contain the quantity and diversity of native plants as the land of the Bible. In all, Israel "hosts" approximately 6,380 species of plants, of which 2,780 are native or alien (that is, transfers occurring in nature) and 3,600 that have been introduced by man. In comparison, Great Britain, which is ten times Israel's size,

Two happy factors account for the richness of flora in the Holy Land. The first is geographical location. The country is a nexus between Africa and Asia, and lies between a sea - the Mediterranean. and a desert. Therefore, it's home to representatives of plant life from different continents and climatic

has only 1,600 varieties of native

Second, the topography of land is characterized by a variety of landscapes and natural features. From lowering Mt. Hermon at 2,800 m. in the north to the Dead Sea, 398 m. below sea level, in the

south. We have wood lands, desert regions, steep cliffs and sandy plains. And there are also other specialized plant habitats like riverbeds that flood in winter,

marsh lands and deep canyons. The main flowering season here is spring. At this time of year, conditions of air and soil temperature, together with the effects of winter rains, combine to bring forth an

explosion of color. At the same time, due to the many different soils and sub-climates, there is also continuous blonming throughout all twelve months of the year, though spring is the most spectacular. Autumn marks the second peak with the squill and yellow

crocus dominating.

In the light soil of the coastal plain, flowering occurs early, shortly after the first rains of winter, while in the hills and valleys plants blossom later. Along the seashore, flowers are in bloom from spring through to midsummer.

Ten percent of the vegetation in Israel are geophytic plants, that is, plants which grow from bulbs and tubers. These have the facility to store food and moisture, enabling them to blossom at times wheo other plants bave long since expired.

For example, the autumn or sea squill (Lat. Urginea maritima; Heb. hatzav), which grows from a huge bulb, usually blooms at the end of September. Reaching as high as 150 cm., the flower stems appear long before the leaves. Squills are often called "harbingers of the rains," because once they appear, rain is not far off. Growing wild flowers to bome

gardens was practically unheard of weoty years ago. Gardeners who did so were considered quite eccentric. Today, bowever, we see a burgeoning variety of wild plants in our gardens. And many gardeners are showing their concern for conserving wild plant populations by growing native species in domestic surroundings. Abroad, especially in the U.S., Britain and Australia, ecosystem preservation is taken seriously, and wild plants have become wellintegrated into their gardening traditions. In England Prince Charles has instituted an example

of planting many native species on

royal grounds. In Israel, interest is growing in native plant cooservation, but there is tremendous scope to do more for conservation through cultivation. For example, gardeners are free to pick and save valuable plants from sites slated for construction projects around the country. At the Botanical Garden in Jerusalem, botanists have been assessing the value of a wide variety of native plants for home-growing and omamental purposes for the past 20 years. Wild plants naturally make suitable garden plants in our cli-

mate, because of their low water

consumption and minimal maintenance requirements.

In general, research has shown that Israeli wild flowers sown in your garden in early August can remain in flower from the end of summer right through winter and into April or even May, if the spring is not too hot and dry. Although the native plants prefer full sun, most will take a little shade. Nor are they fussy about soil. But obviously, like all plants, the natives give better and longer lasting results in soil that has been dug up and turned over for aeration and free drainage.

The red poppy: seeds easily and colonizes freely (Jerusalem Botanical Gardens)

Also, for a longer flowering season than is natural in the wild, gardeners suggest that dead flowers be removed (deadheaded), and that the plants be watered between rainfalls. In the first few years, take care to remove invasive weeds in order to give your "wild" plants a chance to seed themselves

and dominate the area. Here are a few of our favorite

"cultivated" wild flowers: Lupin (Lat. Lupinus pilosis; Heb. turmus) The range of the lupin stretches from the north in the area of Mt. Gilboa, south to the limits of the Mediterranean belt to Kiryat Gat. Lupins are remarkable in that their spoke-like leaves are phototropic, that is, they follow the sun across the sky on a daily basis. Shaped like pretty cones, lupin flowers start out blue and white but turn to reddish purple after pollination. The plant grows to 60-150 cm. From an end of August sowing, lupins normally flower to mid-November. If you cut off the first flower before it develops, it will encourage at least 30 more branches and continue flowering for up to five months.

Sow lupin seeds 20 cm. apart and thin out any that are too close to each other. They grow best when surrounded by at least eight other of their kind, so please don't sow them singly. Also, lupins are not likely to be successful if transplanted.

Red poppy . (Lat. Papaver carmeli, Heb. parag) The red poppies, another successful gardeo flower adapted from the wild, have a special charm. Their silky textured flowers bloom from October to May, if sown in early August. Once introduced into your garden, poppies seed themselves easily and colonize freely, lacing around and through larger flowering companions, to decorate the garden floor. Like lupins, poppies resent transplantation, so sow in the areas where they are to be grown, and thin them out after germination to give them room to expand.

Cornflower (Lat. Centaurea cyanoides; Heb. dardar kachol) This is another favorite of Israeli gardeners and has been chilivated in the Botanical Garden for many years. This amazing plant bushes out to about 40 cm. wide and is capable of sprouting 200 or more

Lupins flourish in groups but don't take well to transplantation (Jerusalem Botanical Gardens)

flowers at a time. Thecolor is a true blue, something quite rare in the plant world, because most blue flowers bave an admixture of red

Comflowers can be sown directly in the garden, or grown first in pots and theo replanted when space becomes available. They are adored by butterflies.

Chrysanthemum Chrysanthemum segerum; Heb. hartzit) For a wonderful splash of yellow, the chrysanthemum is one of the easiest wild flowers to grow at home. The plant reaches a height of 50 cm. and a spread of 30 cm., and its bright yellow daisy flowers bloom from October to the

end of May.

Like all wild plants; don't grow them too close together if you want good size individuals that flower over a long period. Chrysanthemums are good selfseeders and will easily naturalize themselves.

DOWN CARS INDUS

77.17.

Kodak to cut

Silene (Lat. Silene palaestina; Heb. tripornii) In the wild this attractive, free-flowering, pinkishred flower is an annual belonging to the carnation family that is found from Israel's northern border to the lower Jordan Valley. You can either sow the seeds directly in the garden where they are to flower (later thinning them out to 15 cm. apart) or in pots to be transplanted at a later date. Silene enjoys full sun, but will grow in slight shade.

Your gardening questions and comments are welcome, Compact Baisheva Mink, P.O.B. 3943. Jerusalem 91039, or David Browner,

By D'YORA BEN SHAUL

lot of dog owners are somewhat confused about the matter of pedigreed dogs. This is well expressed in the question from a reader in Herzliya: "Almost two years ago we purchased a lovely Labrador female puppy from a pet shop in Tel Aviv. She is a delightful animal and we are very pleased with her. But there is one problem. The pet shop owner assured us that she was purebred Labrador and she certainly looks it. But in a subsequent examination of her records, we found that although her father has "papers" and is pedigreed her mother does not. We would like to breed her but do not want to unless we can be sure of buyers for the puppies. Is there any way to register her? Does this mean that she is

not really pure Labrador at all?"

A dog can be purebred and yet not be pedigreed. When we say pedigreed we mean that both of the dog's parents' pedigrees are regis-tered with the Israel Kennel Club (IKC) and that the two dogs themselves are registered with that iostitution. In addition the litter of puppies must be registered with the IKC soon after birth. When all this is accomplished then the individual pups are given pedigree papers and after suitable inspection by officials of the Kennel Club

they may be eligible for breeding. But even having "papers" does not guarantee that the bitch or the sire will be given a breeding permit. This is often subject to other criteria such as an X-ray of the hins in certain breeds to detect bip dysplasia which is genetically transmitted or, in some breeds, an

Purebred or pedigreed: What's the difference?

Clockwise: World champion Giant Poodle Peleh; Lassie lookalike; Big Bad Bubba, winner of Iowa's Beautiful Bulldog contest; and just an ordinary German sbepherd

animal is free of a certain type of blindness that is also genetic.

So, only a pup that is the product passed these tests will be eligible for registration as a pedigreed dog. The lack of these papers does not mean that the pup is not purebred but simply that it does not meet the standards set for the breeding of that particular type of dog. Some dog owners feel slighted

by these regulations but they have been set up to protect the integrity of the breed and to ensure dogs of the bighest quality. One must remember that there are cases where a dog may look as if it is a

pure specimen of its breed but there may be recessive genes in its makeup that will show up in its

As for the genetic diseases, I am sure that none of us would want a bitch of ours to produce a litter of puppies that had every possibility of being crippled or blind when they grow up. But these things

Sometimes when the parents are only very slightly afflicted, the disease may be very severe in the next generation. Of course, it can - and does - happen that two dogs that have passed all the examinations will still be carriers of a gene

is much rarer.

The Israel Kennel Club is a member of the FCI, an international federation of kennel clubs. Israeli pedigrees are honored abroad because they meet the same high standards as do the pedigrees of other member clubs. So, the best thing to do in this case would to bave the bitch

spayed and to remember that verything that makes her a wonderful dog is still the same. She is simply not eligible for showing or

October 1996 - October 1997

October trade deficit falls to \$433 million

Last month's trade deficit was \$433m., down from \$439m. in September, according to figures published yesterday by the Central Bureau of Statistics. The figures indicate a monthly 1.2 an average drop of 2.2% per month in the first half of the year, due to the slowdown in exports. From January to October the trade deficit fell 26.8%, and totalled only \$6.6 billion, compared with \$9b, for the corresponding period last year. The trade deficit excluding diamonds and fuel fell more sharply, by 33%. Globes News Service

Scitex nets \$2.2 million in third quarter

Scitex Corporation reported yesterday that third-quarter oet income rose to \$2.2 million compared with a cet loss of \$151 m. in the same period last year and \$157,000 in the second quarter of 1997. For January-September the company reported a net loss of \$5.1 m. compared with \$154m. for the same period last year, which included restructuring expenses. Sales for the third-quarter rose to \$171m. against \$167m. last year, revenues were \$501 m. versus \$527 m.

Scitex president and CEO Yoav Chelouche said the company has reached the targets set in the reorganization plan ahead of schedule: "The good news is that the graphic arts group returned into the black. The digital printing group showed improved results and we intend to invest heavily in this area in the future."

Teva third-quarter net increases 50%

Teva Pharmaceutical Industries said yesterday that third-quarter net income rose 50 percent to \$35.8 million from \$23.9m. in the same period last year. The company reported sales of \$286.7m., up 21% from \$236.6m. in the third-quarter of 1996. Net income was \$101.2m. compared with 43.2m in the corresponding period in 1996. Total sales climbed 22% to \$825m from \$676.1 m. The company said it bas received US Food and Drug Administration approval for the easing of storage conditions for Copaxone, its multiple sclerosis treatment. Teva said this would enable expanding distribution of the drug in the US.

Netanyahu: Gov't to propose high-speed TA-Beersheba train

By DAVID HARRIS

Prime Minister Binyamin Netanyahu yesterday announced he intends proposing a high-speed train link between Tel Aviv and Beersheba to the cabinet.

Speaking at a National Export Day convention in Tel Aviv. Netanyahu said the 155 kph train would allow for a journey time of about an hour.

"This will create greater social integration and allow for a higher mobility level for the stronger elements of the population to outly-

ing areas," he said.

It is vital to mix the populations in the center and in peripheral areas to prevent the creation of a two-tier society, he added. "We must invest in the basic infrastructure that will transform the Negev and Galilee into part of the center."

NIS 300 million. Netanyahu's announcement was welcomed by Israel Railways director-general Amos Uzani. "I hope a proposal like this will be approved in the cabinet," he said.

From our perspective, construct-

The investment is estimated at

ing this route is perfectly feasible. We have programs, but they cost money. If this is approved, we will

be happy to implement it." To improve the existing line, Israel Railways would require up to 18 months of intensive work, but doubling the single-track route would take considerably longer.

Netanyahu's comments came just days after Uzani attacked the government for its failure to increase spending on railroads. Israel Railways originally request-ed an annual NIS 500m. over the next five years, national

Sharon agreed to lobby for NIS 400m. in 1998; the Treasury reportedly offered NIS 300m.; and now, according to Uzani, the actual budget will be under NIS 200m.

Two Japanese corporations are currently studying the feasibility of introducing the shinkansen, or bullet train, to Israel. The shinkansen, whose maximum speed tops 300 kph, would potennally reduce travel time between Tel Aviv and Jerusalem to under 30 minutes and the Tel Aviv-Eilat trip to 75 minutes.

Tadiran awarded \$52m. contract by **US Marines**

By STEVE RODAN

The US Marine Corps bas awarded a contract estimated at \$52 million to Tadiran Communications for the supply of several thousand handheld computers to be used in battle, executives announced yesterday.

Tadiran executives said that the contract of the Rugged Handheld Computer was awarded to Engineering and Professional Services of Tinton Falls, New Jersey.

The team is composed of Tadiran Communications and its US subsidiary, Tallacom Industries of Tallahassee, Florida. The computers will be used by the US Marine Corps personnel

both in vehicles and in the field. The computer is a digital message terminal that provides navigation and map display by employing an internal Global Positioning System receiver. Modem communications can be connected through tactical radios and other networks.

Tadiran Communications marketing vice president Lior Almagor said the contract was awarded in "full and open competition. If all options are exercised, the overall Rugged Handheld Computer program value is estimated at the US Marine Corps budgeting figure of \$52 million."

Tadiran executives also announced that the IDF would purchase \$20 million worth of electronic equipment to be supplied over the next few years. The equipment bought involves electronic warfare to protect land forces.

Kidron, Shmuel Systems director-general, said the new systems are among the most advanced in the world and can jam enemy communications without affecting friendly forces.

He said Tadiran Systems, a subsidiary of Tadiran, is the main supplier of the tactical equipment to

South Korean security guards carry stacks of US dollars from a bank counter in Seoul yesterday. The South Korean won rose to 989.80 against the dollar by the morning close as a result of the central bank's dollar-selling intervention. This propelled stock buying by domestic investors.

Coalition blocks vote on arnona hike

By DAYID HARRIS

Coalition MKs on the Knesset Finance Committee blocked a vote yesterday that would have rejected a government plan to increase municipal property taxes, the arnona, by 18.9 percent in 1998.

Once it became clear the government lacked a majority, the commit-tee's coalition leader, MK Michael Kleiner (Gesher), told the chairman, MK Avraham Ravitz (United Torah Judaism), that the vote could not be held for technical reasons.

Tikva-based developer of integrat-

ed network communications solu-

tions, yesterday announced that it

Since the beginning of the year, provident funds and training funds had redemptions of NIS 783m.

Meanwhile, saving plans accu-mulated NIS 46m. in October, versus redemptions of NIS 36m. in September and redemptions of NIS 17m. in August. Inflation-linked saving plans

attracted NIS 78m., compared with NIS 13m to September. while foreign currency-linked plans saw redemptions of NIS; 32m., versus NIS 50m. the month;

Kodak to cut 10,000 jobs, take \$1b. charge

By GERARD MEUCHNER and Jerusalem Post Staff

Eastman Kodak Co. will cut almost 11 percent of its workforce and take a \$1 billion pretax charge in the fourth quarter, the latest in a series of restructurings that have

vet to boost profits. Kodak expects to lose \$400 million this year in its digital imaging business, which it has counted on to maintain its dominance in pho-

The charge of \$2 a share, will cover job cuts and the writedown of assets, saving at least \$1b. over the next two years, the company

The actions are the most aggressive taken by Chairman George Fisher, who is facing his toughest challenge since taking over four

Kodak is trying to beat compen-tion from Fuji Photo Film Co., Hewlett-Packard Co. and others years ago. while its film sales stagnate and losses mount from new products including its Advanced Photo

System. One of the problems I created

the control of the co

was an expectation of continued growth," Fisher told analysts at a meeting in New York. "We are collectively embarrassed by this Kodak's shares fell 3 to 63 1/4 in

late morning trading yesterday. The stock is down 21% this year. Kodak also said it would reduce research and development spending by as much as \$150 million next year, and would consider hiring other companies to make more

of its products. Kodak President Daniel Carp told the group that the company won't let Fuji undercut it so much on prices, as in the summer when Fuji's prices were as much as 30%

lower than Kodak's. "It's not our intention to lead prices downward in the US, but we will not allow the value gap to rise to levels of the past summer," Carp said.

Carp also said that the company will stock fewer types of film and increase spendiog on advertising. Fuji and others have taken at least three percentage points of Kodak's share in the US film market in the past year, analysts

Kodak last unveiled a restructur-

ing plan in January, when it said it would cut 4,000 jobs to consolidate photo labs. This time, Kodak plans to cut

10,000 jobs. The Rochester, New York-based company has about 95,000 employees. It has been trimming its non-core operations (notably copier sales and service) and refocusing on products for consumers and professionals.

Kodak, still the number one US

filmniaker and tied for the global lead with Fuji Photo, has been shooting for a big share of the markets for digital imaging, which lets photographers after their pho-tos via computer or store their images on the Internet, and disk-

THE BUSINESS SCENE BY GREER FAY CASHMAN

A Boeing Commercial Airplane Group delegation headed by Boeing executive vice president Nancy J. Bethel (left) recently completed an intensive round of meetings in Israel. Though visiting trade delegations seldom meet with President Ezer Weizman, it was natural that the former commander in chief of the Israel Air Force, whose speech continues to be punctuated with Air Force expressions, should want to meet. with senior Boeing representawith Transportation Minister Yitzhak Levy, with members of the US embassy and with the top brass of El Al. The purpose of the visit was to introduce clients to setting priorities for scientific: the new Boeing 737-700. El Al is research in the European Union. considering the purchase of five of these new planes at a cost of \$200 million. Joseph Ciechanover, (right) chairman of El Al's board of directors looked all set to sign the deal when pho-

Dan Lazar has been appointed general manager of the coffee shop division of the Morag group, which controls the Beigel Nash and Cafe Morag coffee shops in seven locations across the country. Lazar, 40, has managerial experience in the hotel and food industries. His most recent position was as manager of the Ben and Jerry's ice-cream chain. Prior to that, he was general manager of the Carmel and Blue Bay hotels in Netanya.

tographed with Bethel.

Kim Lindy, former director of the AACI Central Region has left to start up her own business as a tion, which she held for nearly people advice about projects and ment at Bar-Ilan University, found that she had a natural apti- gained his practical experience at tude for bringing together people

who could be mutually beneficial to each other. She is now focusing on these attributes to launch ber new professional career. Concurrently, she has accepted the position of chairperson of Democrats Abroad in Israel.

Weizmann Institute Prof. Haim Harari has been appointed a member of the European Science and Technology Assembly (ESTA). The assembly is a scientific council comprising some tives. The delegation also met 60 internationally acclaimed researchers, including several Nobel laureates. Harari is the first:

New appointments announced by Mega Sport include those of Avi Kalfa as the company's commercial manager. Han Gerbi as operations manager and Ron Amnon as manager of the company's Bilu Junction brace in Pelovice. branch in Rehovot.

Osnat Ofek is the new human resources manager at the Lagoona hotel, Eilat. Another new appointment at the Lagoona. is that of Meital Alper as manager of the hotel's entertainment department

Schlisel was a senior chef at the Hyatt Spa Hotel; the Dead Sea, consultant. In her previous posi- and worked for two-and-a-half years at a hotel in Switzerland. the Holiday lun chain.

Tiptoe to the TASE

As world markets return to relative normalcy, local investors have reason to ever so cautiously reenter the water

By NEIL COHEN

Thile the markets remain volacile and nervy, we have returned to some vestige of normalcy over the last week. The major markets have recovered somewhat (though they hiccuped again on Friday), and while the Far East still has a big influence over Wall Street, Europe and hence the rest of the world, more local issues have returned to

While I'm still very cautious, nervous and overall a little pes-simisoc, I am prepared to venture, ever so carefully back into the water. The first moves I am making, though, are to raise some extra cash in the two main portfolios. As I have maintained all along, the goal of these portfolios is absolute performance, not beating the market. I know that I have long argued in favor of a buy-and-hold strategy, buying through thick and thin. But we were fortunate to have started the portfolios when the market was in the doldrums, and we picked up a lot of

our holdings very cheaply.
I'm certainly not suggesting that we exit the market in wholesale fashion. I just want to protect the substantial gains we have made by putting together a reserve that will give us the ability to benefit if the market takes a pounding, for what-

of excessive undervaluation.

BUSINESS&FINANCE

Given where we are starting from up 59 percent in one portfolio and 66% in the other over a year and a half - any other strategy would be a bit irresponsible. Short of perfect market timing (get out at or near the top; get in at or near the bottom; be fully out when the market is crashing, get fully invested when it's starting to take off), which is a strat-egy fraught with the danger that the reverse is what actually happens, I

think we need to protect our gains. If the market falls when we're less than fully invested, our cash position will cushion us against the falls and enable us to pick up good stocks at low prices ahead of the next upturn. And if the market picks back up again, we will do a little less well on the upswing but

PERSONAL FINANCE well for us, readers are aware that I have become somewhat less posi-

still participate nicely.
Our holding in Orbotech, having been hammered last week, has recovered almost all of its losses. We have more or less tripled our money in Orbotech (counting all the profits we have taken on the way up), and my feeling is that the stock is likely to take something of a breather. If it cononues its upward march, we will still profit. If the stock pulls back, we will have reduced our exposure. The stock has been a very large contributor to the portfolio's strong performance, and I think that in the current environment we need to lock the gains away for a rainy day. Particularly given that the stock does have real exposure to 8 slowdown in the Asian economies.

So J am selling a third of the holding. While the stock has done

ove about Blue Square Co-Op's prospects. As competition in the food retailing business has become ever fiercer, the chain's margins and profits have come under pressure and growth has slowed. At a historic price earnings multiple of 17, 1 am taking advantage of the stock's recent strength by selling

out the entire position. Looking around, I don't see much in the way of compelling retail formats (difficult, anyway, in a small country) and feel quite comfortable not having much representation in the sector. Our one other holding, Home Center, benefits from a much less demanding valuation and is still cheap in my opinion.

1 am going to put NIS 5,000 of the proceeds back to work in the aggressive portfolio in an issue that did very well earlier this year. If all goes according to plan, we will have to wait three or four months for our profit, but it should be there when the time comes.

The new Central Bus Station in Tel Aviv is wholly owned by Mishor Hahof (previously known as Mariaz), a publicly traded realestate company controlled by Mordechai Yona, the chairman of the Israel Contractors Association. The Central Bus Station is a privately held company, but it bas a reasonably large, straight indexlinked bond that is secured on the asset and traded on the TASE. The bond is usually fairly liquid, though volume has dried up of late.

The bond pays interest of CPI plus 6% per annum. The company is supposed to repay the outstanding principal, together with relevant interest and indexation, in equal installments every March 31 from 1997 to 2007. The company successfully made the first pay-ment in March of this year.

Despite high hopes, the bus station has proved to be something of a white elephant. It has not attracted the retail traffic or stores its owners had hoped for. Building up occupanhad hoped for. Building up occupancy has been a long, hard struggle, and the company has been burdened with the high finance costs resulting from a highly leveraged structure. However, the company has clawed itself into operating profitability and has slowly been improving its financial situation.

improving its financial situation. Last year, the bonds traded at a redemption yield even higher than the current rate after a tax yield of 8.66% plus inflation. As the first date for partial redemption approached and the market grew more confident: that the company would meet the first repayment in full and without difficulty, the bonds ran up in price, delivering a very nice short-term return to those

bold enough to buy.

Although it continues to struggle, the Bus Staoon is still keeping its head above water, filling more space and improving the cash flow. I think there is only a slim risk that the next payment will not be made in March, and the bonds will likely . run up ahead of the partial redemption date. Together with the repayment itself, this could provide nice. short-term upside.

Microsoft responds to Justice Dept. charges

icrosoft Corp. said on Monday it filed its formal Monday it nice is response to the Justice that the soft. Department's charge that the software 'giant' is violating a' 1995 antitrust settlement.

Microsoft's response, filed in a federal court in Washington, DC. comes three weeks after the Justice Department charged the company with illegally requiring computer makers to feature its Explorer Internet Browser if they want to offer Microsoft's popular Windows 95 operating system.

Although the company declined to discuss the content of the response filed after the court closed, it is likely to argue that Explorer is part of Windows 95, not a separate. product. That's a key distinction because the settlement allows Microsoft to add new features to its operating system, although it can't force computer makers to offer separate Microsoft products.

The Justice Department's law-suit seeks fines of \$1 million a day unless Microsoft changes its marketing tactics.

Futures, Options,

TASE little changed in mixed trading

Tel Aviv

Israeli stocks finished mixed yesterday, as investors aweited earnings reports and Friday's upcoming announcement of the coosumer price index.

Teva Pharmacentical Industries Ltd., Israel's largest drugmaker. advanced 1.75 percent to 170.57 shekels (\$48.27) as it reported third-quarter earnings gained 50 percent on higher sales of generic drugs in North America. The profit was in line with expectations.

The Maof Index of 25 stocks eased 0.03 percent to 288.32. The Mishtanim Index rose 0.03 percent to 279.43. The Tel Aviv Continuous Trading Index rose 0.12 percent to 95.29.

"People are watching earnings and waiting for the consumer price index." said Dan Alt, a broker at Nesuah Trading in Tel Aviv. Alt expects prices rose 0.5 percent in October.

Moshe Jonas, who runs the Jerusalem office of Moritz and Tuchler, is awaiting the results from Elco Industries Ltd., Electra Consumer Products Ltd. and Electra Israel Ltd., which he said should be "quite good."

Jonas suggested that the CPI rose about 0.5 perceot for October. If the figure comes in around 0.5 percent, will central bank Governor Jacob Frenkel cut

"I can't imagine that he couldo't do it, but we've had so many surprises," Jonas said.

Europe

European stocks closed mixed as a stronger dollar helped exporters reverse earlier declines and the US market opened higher. Spanish stocks fell as Asia's turmoil spread to Latin America. where Spanish companies are heavily invested.

"Letin America is negalively affecting the large banks, especially (Banco Bilbao) and Santander," said Enrique Marazuela, chief investment officer at Aegon Insurance, which manages 65 billion pesetas (\$448 million) in mutual funds. "The crisis in Latin America continues."

Spain's IBEX 35 Index fell 0.91 ercent to 6221.04, the U.K.'s FT-SE 100 Index dropped 0.27 percent to 4793.7 and Germany's DAX Ibis Index of 30 leading stocks gained 0.17 percent to 3734.79. French and Belgian markets were closed in observance of the Armisuce Day holiday.

German stocks were mixed after the dollar reversed an early decline against the mark, which depressed shares in export companies. Among exporters, Henkel KGaA, which makes about 70 percent of its sales abroad, rose 2 marks to 90 and Siemens AG, which exports about 60 percent of its products, fell 2.15 pfennigs to 102.7 marks.

Briosh stocks fell after e higherthan-expected inflation report renewed concern that interest rates

STOCKS

Maof 288.32 ▼ 0.03% Dow Jones 7558 ▲ 0.08% FTSE 4793.70 ▼ 0.27% Nikkei 15867.23 ▲ 1.08%

The government's preferred measure of UK consumer prices rose 2.8 percent in October from the year earlier, up from 2.7 percent in September and above analyst forecasts of 2.7 percent. Losses were tempered by gains in food and alcohol stocks.

Asia

Japanese stocks rebounded, led by banks such as Bank of Tokyo-Mitsubishi Ltd., amid concern the stock market's recent plunge would hamper banks' ability to meet capi-

tal-adequacy requirements. "If banks lose their latent profits on equity holdings, the entire financial system is at risk," said Shigemi Nonaka, managing director at Sakura Asset Management Co., which handles

700 billion yen (\$5.6 billion). "Public money helped support the banks from falling further, but unless there's a change in policy it to 7,558.73.

can only have a short-term effect." The benchmark Nikkei 225 stock average rose 170.03 points, or 1.08 percent, to 15,867.23, the biggest one-day gain in two weeks. The Nikkei has fallen 8.7 percent in a month. The Topix index of all shares on

the first section of the Tokyo Stock Exchange galoed 14.37 points, or 1.19 percent, to 1224.95. The bank-laden Topix has fallen 10 percent in a mooth. Japanese banks can use unreal-

ized assets on equity boldings to meet the Bank for International Settlements' capital-edequacy As the benchmark index drops,

those latent profits decrease, putting banks - already stretched with trillions of yen in bad loans further at risk.

With the Nikkei at 16,000, almost a third of Japan's top 20 banks post latent losses. If the Nikkei drops to 15,000, almost half post losses, according to Ikuyo Yushiro, a bank analyst at Smith Barney International. (Bloomberg)

Wall Street

NEW YORK (AP) - Blue-chip stocks managed slim gains yesterday, but the broad market was mixed again after drifting through a lazy holiday session with no bond trading or major economic

reports to motivate investors. On Wall Street, the Dow Jones industrial average rose 6.14 points

Broader blue-chip measures also turned higher just before the close, but those indexes dominated by smaller companies and technology issues failed to recover.

Still, with the Treasury market closed for Veterans Day and today's Federal Reserve meeting looming, there was little conviction behind the stock market's moves in either direction.

While Fed officials might be tempted to raise interest rates to ease infletionary pressures in the US, such a move is seen as unlikely because it could fuel another wave of global financial turmoil by drawing more investment capital away from foreign markets. The Dow's weakest components

were Eastman Kodak, which fell sharply after announcing a cost-cutting plan that will eliminate 10,000 jobs, and Caterpillar, which fell after a downgrade by Oppenheimer. Kodak's shares had rallied in recent days in anocipation of a restructuring announcement.

Declining issues outnumbered advancers by a 10-to-9 margin on the New York Stock Exchange, with 1,336 up, 1,483 down and

593 unchanged The Standard and Poor's 500stock list rose 2.65 to 923.78 and the NYSE composite index rose 0.79 to 485.66. But those measures dominated by secondary issues ended lower. The Russell 2000 index of smaller companies fell 1.97 to 433.43, the Nasdaq composite iodex fell 5.86 to 1,584.86 and the American Stock Exchange composite index fell 0.04 to 680.43.

Yen falls to six-month low

The dollar rose above 125 yen yesterday for the first time in six months, amid expectations Japan's economy won't improve ecough in the foreseeable future to trigger

higher interest rates. The ven also has been undermined by doubts that an economic stimulus plan to be released Friday by the ruling Liberal Democratic Party will do much to boost the economy. Faith in Japan's ability to climb out of recession has been undermined by recent tumbles in stock markets and currencies elsewhere in Asia, which is seen as spilling over into Japan.

The simuation in Japan has taken a turn for the worse," said Francis Breden, currency economist at Lehman Brothers International Ltd. "There may be more to [the stimulus package] than is expected, but it's not influencing people's minds at the

The dollar rose as high as 125.38 yen, its strongest since reaching 125.76 on May 7.

It fell below 1.70 marks in Asian trading for the first time in five months and was last at 1.7091.

The dollar's climb has been restrained by concern Japanese and US officials won't tolerate a weaker yen, as that would wideo the politically sensitive trade gap between the two countries. The lack of comments from officials so far, as the dollar has climbed above 125 yen, has encouraged traders to push the dollar higher, Breden said.

The LDP's economic package will be followed by the government's own economic revival plan

Basket 3.8464 A 0.15% Mark 2.0706 A 0.53% Sterling 6.0311 ▲ 1.39%

next week. The first package the LDP unveiled last month was dis-missed by analysts and investors as inadequate-to boost growth and failed to support the yen. Japan's parliament passed legislation last week to reduce the deficit from this year's 5.4 percent of gross March 2004. That makes it difficult for the government to stimulate growth through either spending or tax cuts. A weaker yen boosts Japanese

domestic product to 3% or less by

exports by making them cheaper. Some analysts see Japan willing to tolerate a weaker yen as rising exports help economic growth. Still, US officials, under pressure from exporters in that country, have repeatedly warned Japan oot to export its way out of recession.

The mark also set a six-month high against the yen, as German interest rates are seen heading higher while Japan's stay at their record low. The Bank of Japan has kept its

benchmark discount rate for overnight loans at an all-time low of 0.5% since September 1995.

mouth lifted its benchmark overnight rate, the securities repurchase rate, from its record low 3.0% to 3.30%. The US Federal Reserve is expected to keep its fed funds tar-

Oil rises on UN-Iraq tension

Precious metals

December gold rose as much as \$4.60 to \$315.70 an ounce on the Comex division of the Nymex. Jewelers have stepped up their purchases to take advantage of recent low prices.

Gold futures pluoged in late October, after the Swiss government accepted a proposal to sell 800 metric tons of gold from the central bank's reserves, though not before 2000.

Traders speculate that other central banks could sell gold before

Crude oil futures prices in London rose, lifted as Iraq refused US weapons inspectors access to sites in Iraq for the eighth time and as it threatened to suspend its cooperation with the UN team.

Iraq wants to expel American members of the UN inspection team looking for banned weapons of mass destruction. Iraq also has said it considers US planes looking for weapons sites to be part of a US spying mission and that it will shoot them down.

While US bond markets were taking the annual rate to 2.8 perclosed yesterday in observance of Veterans Day, UK bonds fell after inflacion rose faster than expected last month, increasing concern about how high official interest rates will rise.

The benchmark 7.25 percent 10year UK government bond fell 23/32, or 72 pence per 100 pound bond, to 104 4/32. The yield rose 9 basis points to 6.67 percent. The December long gilt futures contract fell 23/32 to 117 20/32. Retail price inflation rose 0.1

percent in October from September, taking the annual headline rate to 3.7 percent. Meanwhile the government's targeted measure, retail prices exclud-

ing mortgage interest payments, rose 0.1 percent from September.

Eilat woos Hrbaty

Booking his place early in the Amir won his A division, with a has announced that he will play in the \$50,000 Club Hotel Eilat third at 77. Challenger tournament next month.

during 1996 and is

now at the No. 33 slot Hrbaty has

pleasant memories connected with Israel - last year he

was part of the Davis Cup team which advanced to the World Group after their wio over Israel. Eval Erlich is still the top local player, according to Monday's ATP Tour rankings. Erlich is at No. 166, Raviv Weidenfeld at 186, Eyal Ran at 211, Behr at 333 and Weigreen at 360.

Cycling: Some came by themselves, others were with their parents and one eveo brought his dog. Seven hundred riders entered this year's Tour de Sdom, the mountain bike race at the Dead Sea, which has become a biker's paradise.

First among the men was 25year-old Ido Syrkin, this year's road race champion, who finished the grueiling 24-km route in 1:18:47.

Second was Amitz Doron (1:20:03) and Nimrod Dubinsky was third (1:21:59).

Laurie Copans was the first woman rider and in 21 st place overall (1:36:53). Both Syrkin and Copans received NIS 1,500.

The dog? Meretz, from Ra'anana, spurred her owner Sharoo Weshler to the finishing line from a comfortable vantage point between Weshler's shoulder blades

Golf: The monthly medal competition at Caesarea's golf club attracted 100 entrants. Leslie Ben-

Eilat sun is Dominik Hrbaty who 73 par score. One shot behind was Mike Ossip with Zev Abraham

In the B division, Yossie Spector made the day's score with a two Slovakian Hrbaty jumped 300 under par 71. Former German places in the ATP world rankings amhassador to Israel, William Haas, found time

during his one-LOCAL SCENE week vacation to score 73 and Clive Jossel was third By REATHER CHAIT.

with 74. Kohi Koren won the C division with a one under par 72. Yitzhak Dankner and Shmuelik Futeran made 75 but

Dankner's back-nice pipped Futeran's placing. Jules Cuhurnek won the D group

with 73, followed by Harly Brodie on 75 and David Hilzenrath on 78. Squash: Errol Sapire captained his eight-member team to victory in the Masters tournament held at Ra'anana's Squash Center.

Sapire's team won all their ties against the three other teams, ending with three points. Larry Reefe's team was second and Pini Gal's crew took third place.

Backup for Sapire came from Norman Geri, Abe Speigler, Menahem Oren, David Golding, Yossi Gaitelband, David Snipper and Mike Chester, Snipper doubled up as tournament director, along with Harvey Groves.

Orienteering: Saturday's clear skies brought 300 people to the Bat-Shlomo forest for a national competition. Matan Naftali from Ashkelon won the 8-km route in 1:01:40 with ten minutes separating him from Noam Ravid in second place. Ina Feingold, also from Ashkelon, was first in the 6-km women's route, clocking 54:46. Jonathan Harel won the juniors.

A night competition will be held this Saturday around the Caesarea area. Call (03) 9560537.

Yankees, Williams start squabbling

NEW YORK (AP! - Bernie Williams and the New ing Williams if he's dealt, "If Bernie's not going to be fork Yankees appear to be headed to a winter full of a part of it, we have to find a different way to do it." York Yankees appear to be headed to a winter full of

Joe Torre and Bob Watson, not knowing if their All-Star center fielder will be back following his request for a \$70 million, seven-year contract, are planning for a possible future without him.

'Nobody's worth that kind of money," Watson said Monday after watching owner George Steinhrenner present a \$50,000 check to the Jackie Rohinson

Williams is eligible for free agency after next season. If they can't reach a long-term agreement, the Yankees might trade him or keep Williams and try to negotiate after next season. Watson, New York's general manager, already has had several discussions with Williams' agent, Scott Boras.

"If he and his representative feel he's worth what they're asking, he may want to wait to see what the free-agent market will bring," Watson said, adding that Williams would "have to put up hig numbers" to

become a \$10 million-a-year player.

"He's a real favorite of mine," Torre said. "I'll miss
Bernie if he happens to leave, just like I missed (John) Wetteland and Jimmy Key this year."
Torre already has talked with Watson about replac-

in other news, Torre and Watson hinted catcher Joe Girardi woo't be protected in next week's expansion draft. Torre said he was happy backup Jorge Posada

got some experience last season. You'd hate to see him coming into the situation

cold out of the minor leagues." Torre said. Watson said three or four minor leaguers will be included in the Yankees' 15-man protected list, which had to be submitted yesterday. One who won't is pitcher Kenny Rogers, traded to Oakland on Friday for third baseman Scott Brosius.

"I think it was more than anything physical, thinking he had to show us something instead of pitching as best he can," Torre said.

"He was trying to show everyone he was worth the money he got." Rogers, who turned 33 today, signed a \$20 million, four-year contract with the Yankees, then went 12-8 with a 4.68 ERA in 1997 and 6-7 with a 5.65 ERA last season. New York agreed to pay half of the \$10 million left on the contract in order to get rid of him.

"Nobody can battle the pressure of trying to be per-fect all the time," Torre said, "He was never satisfied unless he was damn near perfect."

Adams to miss Cameroon friendly

defender Tony Adams has been forced out of England's World Cup warm-up against Cameroon at Wembley on Saturday because of a long-

standing ankle injury. The 31-year old Arsenal skipper, who was sidelined for six weeks after surgery on his right ankle in the summer, was advised yesterday to rest for a week.

This latest sethack for Adams, a tower of strength in the heart of the England

LONDON (Reuters) - Central defence for a decade, raises question merks over his fitness for the World Cup finals in France next June.

England coach Glenn Hoddle, who sent Adams to see a specialist on yesterday, said: "We want a fit Tony Adams hack as soon as possible."

Adams has yet to play in the World Cup finals. He was not called up by Bobby Robson for the 1990 tournament in Italy and four years later England failed to qualify for the finals in the United States.

SCOREBOARD

EUROPEAN BASKETBALL Hapoel Ellat continue to lead group 5 in the EuroCup after an 82-80 overtime win over Germany's Rohndorf away

last night Maccabi Ra'anana, also playing away, lost 89-70 to Greece's Panathinaikos in the same competition vesterday.

ENGLISH SOCCER - Third division result last night: Cardiff 0, Scouthorpe 0.

GERMAN SOCCER - Bundeslies results last night: Bayer Leverkusen 4, Cologne 0; Borussia . Dortmund 0. Bayern Munich 2

SPORTS

West Brom defender Nicholson fails drugs test

LONDON (Reuters) - West Bromwich Albjon defender Shane Nicholsoo was charged with misconduct by the English Football Association (FA) on Monday after failing a drugs test at a training session last month.

The FA said in a statement that Nicholson tested positive for traces of amphetamine, classed as a hanned performanceenhancing drug, after a random test at the first division club

It said Nicholson was the first player to provide a positive sample in tests carried out by the FA this season.

Nicholson was suspended immediately by his club pending a hearing hy the FA disciplinary commission.

Robson may return to Sporting Lisbon - report

BARCELONA (Reuters) - Former Barcelona coach Bobby Rohson has told Sporting Lishon there is a 95 percent chance of his returning to the Portuguese club, according to an article in the Spanish sports daily Marco yeslerday.

The ex-England manager was at Sporting in the 1992-93 season, before moving on to Oporto and then to Barcelooa, where he is now in charge of new signings after being replaced as coech by Louis van Gaal.

Robson is known to be unhappy at having to give up his seat on the bench at the Camp Nou despite winning both the Spanish Cup and the European Cup Winners' Cup in his first

Vieri out of Saturday's World Cup playoff

MADRID (Reuters) - Italian striker Christian Vieri will not be fit to play in Saturday's World Cup playoff against Russia, his Atletico Madrid club doctor Jose Maria Villalon said yes-

Vieri aggravated an injury to his left thigh io Sunday's league game with Compostela, but travelled to Italy neverthe-

He is currently top scorer in the Spanish first division with eight goals, and was on target for Italy in the first leg of the qualifier with Russia, which eoded 1-1.

As well as missing Seturdey's international, he will also be out for up to the next three weeks.

STATE OF THE PERSON AS 12121

Hammer blows not such a bad thing

Ever get fed up with a work high enough for his team to eolleague? Ever seen two of make a difference. your own work-mates come to blows or close to it? Chances are if you've worked in any pressure situation, you have. Which is why

we perhaps should not be quite so surprised that teammates Berkovie and John Moncur

had something of a dust-up during West Ham's 2-1 defeat at Cheisea on Sunday. The difference, of course, is

that their particular disagree-ment occurred in front of 34,000 people and millions of television

It's always slightly comical to see teammates engaging in fisticuffs on the field of play. disastrous

Blackburn's European Champions League campaign a few years ago will be remembered oot so much for their woeful performances against some of Europe's lesser lights, but more for the almighty scrap between David Batty and Graeme Le Saux which resulted in both serving bans imposed by

That particular scrap was indicative of a team on the slide. breaking np as expectation overwhelmed it, but one hopes, for the Hammers' sake that Sunday's little contretemps is oot a precursor to more trouble for manager Harry Redknapp with "foreign imports."

Berkovic has been superb for West Ham this season. His driving, probing runs and sharp shooting have been a significant contribution to their rise up the table and have helped to banish the memory of some of the more miserable flops who have arrived on big money deals at Upton Park in the past few sea-

Moncur is a cultured midfielder whose value to his side is often underlined when he is oot

Sure, they had a disagreement and it broke out into a minor bit of pushing and shoving. So what? At least they cared enough about the way the game was some to indulge in such behavior

Peter Schmeichel doesn't seem to be happy unless he is bawling out a defender or two, even if Manchester United are Liverpool fans will recall wistfully how Bruee Grobbelaar once nearly throttled a young Steve MeManaman during a particularly heated Merseyside

So let's hope Redknapp will do the sensible thing: warn the pair about going too far, mouth something to the press about "appropriate action" being taken and secretly congratulate himself that passions are running

Chairman of the hoard When it comes to managing, Michael Knighton and Alan Sugar are two of soccer's more

high profile

ehairmen, but they do disagree about one thing. Sugar says he knows nothing about soccer -

Knighton is managing his team. While Sugar grapples with the terrible form of Spurs and whether Gerry Francis should take the blame for it and be dispensed with it, Knighton has done the firing, but he hasn't bothered with any hiring.

Many remember Knightoo as he juggled a ball in front of a packed Old Trafford having seemingly completed an audaeious move to buy the elub from Martin Edwards in the late

The deal subsequently went on to unravel in the next few weeks and although Knighton stayed as an Old Trafford director he eventually quietly sloped off.

Rather in the manner of a young boy with a train set, be went off looking for a elub and found Carlisle, a bleak outpost almost in Scotland and most definitely io the league's lower division since the heady days of the '70s when they briefly flirted with the top of the league.

New chairman Knighton promised the Carlisle faithful a bit of Premier League soccer and a club to match the giants of the game.

Since then, the elub has yoyoed between the bottom two divisions and despite a Wembley win in the Auto Windscreens Shield, the minor elubs' eup contest, bas shown little sign of matching the chairman's blue-

So when coach Mervyn Day was sacked earlier this season, Knighton appointed himself as

Worryingly for some of the other managers with chairman who favor the high profile approach, he isn't doing too hadly Undefeated in his three, games in charge, the team is, starting to play with confidence.

Knighton says he may eventually appoint a player coach but will never go down the manager route again.

some amazing possibilities, perhaps the most delicious of which is the chairman of Aston Villa "Deadly" Doug Ellis, who already has a stand at Villa Park oamed after him, taking charge of team affairs as well.

With the Midlands men not exactly taking the league by storm this season, Brian Little may have to look over his shoulder to the boardroom more than

49ers ground Eagles for 9th straight

PHILADELPHIA (AP) - The old San Francisco 49ers routed teams with offense.

· They did it Monday night with defense and special teams, beating Philadelphia 24-12 as Merton Hanks, returned a fumble for accommon to the defense.

The hanks returned in stand just 1 mouth 7 sections 373-yard point return, and words into the game, when Lee

Curtis Buckley's disputed hit and fumble recovery set up a third TD. Dana Stubblefield had 3½ of San Francisco's eight sacks as the 49ers won their o.oth straight game since an opening-week loss

in Tampa. That moved them within a vietory of their fifth NFC West title in six years and their 14th in 17 seasons. They can elinch it Suoday by beating Carolina in San Francisco. For Philadelphia, (4-6), it was the first loss in five home games this season, and puts the Eagles in peril of missing the playoffs for

the first time in Ray Rhodes' three seasons as head eoach. How unusual was this game, the

first ever played by the Eagles to uniforms? . San all-green Francisco's offense, long its mainstay, gained just 213 yards for the game, and Steve Young was 13-of-23 for 103 yards as he left the

Woodall stripped the ball from Ricky Watters. Hanks picked it up and took it untouched to the end

the field, but had to settle for Chris Boniol field goals of 28 and 34 yards that cut the lead to 7-6.

Then came the game's key play. Three-and-half minutes into the second quarter, the Niners' Tommy Thompson punted to Philadelphia's Freddie Solomon. He signaled for a fair catch, but just as the ball got to him Buckley came crashing in. The ball came loose, and Buekley fell on it at the

Philadelphia 26. The officials ruled that Solomon never had possession, making it a muff and making him fair game

for Buckley. Three plays later, following a 19-yard pass from Young to Terrell Owens, Garrison Hearst took the ball in from the 1, and it

Then Tominy Hutton punted to Levy - returning punts because Theanyi Uweazuoke was out with

McGrath routs Kiwis in first Test Trail Blazers win 5th straight

paceman Glenn McGrath overcame a leg injury to destroy New Zealand and set up a 186-run win in the first Test at the Gabba yesterday.

" Set 319 runs to win, New Zealand collapsed to be all out for 132, with the middle session of the fical day extended to allow Australia to take the last wieket. McGrath elaimed 5-32, despite a

in a 22-ball burst before lunch. MeGrath, Australia's best bowler during the recent Ashes tri-druph with 32 wiekets, bowled an outstanding line and leogth.

groin muscle strain, including 4-4

Australian captain Mark Taylor, who woo the man-of-the-match award with a first innings 112, was full of praise for his pace spearhead. "He's a great bowler, a genuine wicket-taker and applies a lot of

pressure," Taylor said. "He definitely wasn't at 100 percent fitness throughout this game." McGrath's victims were Nathan Astle (14), Bryan Young (45), Craig

McMillan for a first-ball duck and skipper Stephen Fleming (0) on the last ball of the morning session. In the post lunch session, returning only for his second spell of the day, McGrath had No.10 Simon

Doull caught behind to complete his ninth five-wieket haul in a 35match career. McGrath elaimed a match haul of 7-128 while Warne, who trapped No.11 Geoff Allott to

complete the victory, took a match bag of 7-160 with 3-54 in the secend innings.
All rounder Chris Caims (21) and Adam Parore (39 not out) batted with great restraint and judgment after lunch to take New Zealand

from 69-5 to 112 before a rash stoke ended their defiant struggle. Medium paceman Paul Reiffel induced Cairns to play on and

bowled left hander Chris Harris edge and flew to Taylor at first (0) with a ball that soun wiekedly slip.

Warne made further inroads with two quick wiekets. Warne, wieketless all morning,

STUMPED - New Zealand's Chris Cairns is bowled for 21 runs by Paul Reiffel. The Kiwis were all out for 132 in their second innings to give Australia a 186-run victory.

out of the rough, and in the next over had Daniel Vettori (0) canght by Taylor at slip.

New Zealand had suffered two embarrassing defeats in their leadup matches and fought hard for four days before Tuesday's tum-

off for at the start of the lest," Fleming said. New Zealand had Australia in early trouble after sending the

home side into bat on day one. "We don't take too much heart a "If we'd approached the first in being beaten in four and half day with more confidence we days instead of two and a half days might bave done a little bit better," which is what we were written Fleming said.

PORTLAND, Oregon (AP) - Kenny Anderson scored 15 of his Spurs 100, Raptors 98

29 points in the fourth quarter as the Portland Trail Blazers rallied from a 12-point halftime deficit Monday night to defeat the Detroit Pistons 86-82.

The Pistons, who led by as many 15 points in the second quarter, lost their fifth in a row, their longest skid since Doug Collins became eoach. The Blazers' 5-1 start - it was their fifth straight win - is their best since they

went 6-0 in 1992. Anderson scored Portland's first seven points in the fourth quarter, then elinched the victory by sinking 7-of-8 free throws down the

stretch. He also had 11 assists. Arvydas Sabonis bad 20 points and Il rebounds for Portland before fouling out with 4:08 to play, while Grant Hill scored 21 and Brian Williams had 19 for

David Robinson scored 32 points and San Antonio overcame 28 turnovers and a 15-point firsthalf deficit to win on the road in Monday's only other scheduled game. The Raptors had a chance to win, but Damon Stoudamire's desperation 3-point shot at the buzzer went in and out.

Sabres rally to tie Oilers

BUFFALO (AP) - Jasco Dawe scored three goals in just over six minutes of the second period Monday, rallying Buffalo from three goals down and giving the Sabres a 4-4 tie with the Edmonton Oilers.

Edmonton forward Mike Grier, who had a racial slur yelled at him by Washington's Chris Simon over the weekend, scored bis first goal of the season. Simon has been suspended by the NHL over the incident.

Dan McGillis' goal with 4:24 remaining, a floater from the blue line over Buffalo goalie Steve Shields' shoulder, tied it 4-4. Shields replaced starter Dominik Hasek after the first period when Hasek allowed three goals on just nine shots.

Edmonton, 0-3-3 during its sixgame road trip and 5-9-4 overall, rolled to a 3-0 lead in the first period on goals by Ryan Smyth, Grier and Boris Mironov that came 4:08 Dawe then went to work, scor-

ing three goals in a 6:18 stretch for his natural hat trick. He has 11 goals this season.

Devils 3, Islanders 1

Martin Brodeur stopped 28 shots for his seventh straight win.

Rookie Patrick Elias broke a 1-1

tie with a goal in the second period as host New Jersey won for the eighth time in 10 games. Elias, tied for the team lead with eight goals, scored at 16:17 of the second period on a right eircle slap

shot that beat goalie Tommy Salo to the left side. Monday's results: Edmonton 4, Buffalo 4 New Jersey 3, NY Islanders 1 St. Louis 7, Dellas 1 Caigary 1, Chicago 1 San Jose 6, Anaheim 4

CRITICS' CHOICE

ENGLISH THEATER

HELEN KAYE

The Jerusalem English Speaking Theater (JEST) presents Nicholas Wright's Mrs. Klein starring Dawn Nadel in the title role, with Rebecca Gillis as her daughter Melina and Myriam Roth as Paula, a would-be patient. The real Melanie Klein was a noted child psychoanalyst, and director Bruce Oppenheimer is himself a psychotherapist. So brush up your neuroses and go to the Little Theater at the Jerusalem Theater tonight at 6 and at 9, and lomorrow at 8:30 p.m.

ADINA HOFFMAN

*** CAREER GIRLS - Perhaps best appreciated as a Mike Leigh microcosm, this new film contains some of the acclaimed English writer/director's best impulses alongside a few of his worst ones. The movie is a small, sometimes comic character drama that's simpler in its concepuon than some of Leigh's recent efforts and focuses on one weekend in the friendship of two very different 30-year-olds, played by Katrin Cartlidge and Lynda Steadman. By alternating between the tentative, present-day exchanges between the women and flashbacks to their college years, the director manages to depict a bond of plausible density and complication - although he runs into some problems with his direction of the actresses. Both give powerful and often quite funny performances as the subdued career girls of the title, though Leigh appears to have instructed them to play the younger women in the broadest fashion possible, and to base their characters on some obvious physical tic. That's a strategy which might be fine at an early stage in the character-development process but which, when captured in "finished" form on film,

Katrin Cartlidge gives a funny, powerful performance in 'Career Girls.'

bestows on most of the flashback scenes the grotesquely mannered quality of an acting-class exercise spun out of control. (English dialogue, Hebrew subtitles. Not recommended for children.

*** MY BEST FRIEND'S WEDDING -Australian director P.J. Hogan's movie stars Julia Roberts as a neurotic New York restaurant critic who realizes she's in love with her closest pal (Dermot Mulroney) the day he announces his engagement to 9 pliable young millionairess (Cameron Diaz). Summoned to Chicago for the wedding weekend, Julianne launches a regular flotilla of sneaky tricks and evil schemes, so determined is she to break up the festivities and win the groom for herself. Although it has more than its share of thin jokes, crude physical gags and overly sentimental moments, the film also manages to win us in surprising ways. Ronald Bass's script has a bitter, heartbroken edge that bumps in interesting ways against its otherwise cheerful tone, and Roberts lends herself gamely not just to adorable dithering but also to exposing Julianne's nasty, desperate side. (English dialogue, Hebrew subtitles. Parental guidance suggested.)

Tennis tourney honors Rabin

'As determined as Yitzhak was as a soldier never to lose a war, so were his feelings about losing a set on the tennis court, said Leah Rabin yester-

Opening an international children's tournament at the Israel Tennis Center in Tel Aviv in the memory of her husband, Mrs. Rabin recalled how the time he had spent on the court were his only relaxing hours.

Among the many tennis officials at yesterday's ceremony was ITC trustee Rubin Josephs who expressed his personal thanks to Yitzhak and Leah Rabin for their contribution to Heather Chait

Clemens wins 4th Cy Young Award

NEW YORK (AP) — Roger Clemens had a personal reason for wanting Cy Young Award No. 4. And it had little to do with baseball. "I got one for Koby and Kory. I got one for Kasy, and I needed one for Kody," he said of his four children after winning the award Monday. "It kind of takes the pressure off dad a little bit."

Clemens, who in his first season with Toronto became the first pitcher to lead the AL in wins, ERA and strikeouts since Detroit's Hal Newhouser in 1945, became the first AL pitcher to win four Cy Youngs. He got 25 of 28 firstplace votes and three seconds for 134 points in balloting by the Baseball Writers' Association

Clemens went 21-7 with a 2-05 ERA and a career-high 292 strikeouts in 264 innings, top-ping 11 wins for the first time since 1992 and reaching 20 for the fourth time. His ERA was the lowest among AL starters who won the Cy Young since Ron Guidry's 1.74 in 1978. He didn't gloat that the Red Sox made a bad

that Dan Duquette was the cause of his departure, but not the motivation for his season.

"That's one guy I don't want assessing my baseball abilities, especially sining in front of a computer," Clemens said.

Randy Johnson was second with two firstplace votes and 77 points after returning from back surgery to lead Seattle back to the AL playoffs. He missed four late-season starts because of tendinitis in a finger.

"I think it was a big factor," Clemens said. "I think Randy would have been right there and we would have knocked heads.

Clemens also won the award with the Boston Red Sox in 1986, 1987 and 1991. The only other pitchers to win four Cy Youngs were in the NL: Steve Carlton and Greg Maddux (who won in consecutive years).

The six-year span between Cy Youngs matched Gaylord Perry for the largest gap. And the 12 seasons between Clemens' first and last Cy Youngs is the most ever, one more than

With four Cy Youngs, Clemens appears to be locking up lots of Hall of Fame votes. "It would be unbelievable. That's the final stop, I guess." he said. "Hopefully, one day I can take the kids in there turn them lose and let them see what their dad did for 15 or 20 years and I won't have to tell them about it."

After leaving Boston to sign a \$24.75 million, three-year contract with the Blue Jays, Clemens got off to an 11-0 start and was picked for his seventh All-Star game. He wound up sharing the AL lead in innings, complete games (nine) and shutouts (three) with teammate Pat Hentgen, the 1996 Cy Young winner.

Minnesota's Brad Radke was third with 17 points, and Baltimore reliever Randy Myers got the other first-place vote, finishing fourth with 14 points.

For winning the award, Clemens gets a \$100,000 bonus. Johnson didn't have a bonus clause for finishing second and Radke gets \$50,000 for finishing third.

Sampras upset by Moya in Hannover

HANNOVER (AP) - The opening match of the ATP Tour World Championship featured the defending champion and the No. 1 in the world against the youngest newcomer. Except, it was Pete Sampras who played like the novice and Carlos Moya who looked like the

Sampras, the No. 1 who is seeking his fourth title in the elite season-ending event, made a staggering total of 50 unforced errors and lost to the 21-year-old Spaniard 6-3, 6-7 (4-7), 6-2 yesterday.

"It was a tough day," Sampras said, "It's not the start I wanted, but I'm not out of it."

Moya's victory gave him a mea-

loss to the American in the final of the Australian Open early this year.

Because of the round-robin format of the preliminary round, Sampras is still in contention. But he faces tough matches against Patrick Rafter and Greg Rusedski. who are both ranked higher than No. 7 Moya.

In a battle between two stars of 1997 and newcomers to the event, Rafter beat the big-serving Rusedski 4-6, 6-3, 6-4.

Rafter, ranked No. 3 in the world, also beat Rusedski to win the US Open, his first Grand Slam title. Rusedski, ranked No. 5, is the first British representative in the

Schumacher gets slap on wrist; F1 teams cleared

SLOUGH, England (AP) - widely accused of deliberately trying Michael Schumacher escaped with- to knock Villeneuve out in a bid to out a ban or a fine yesterday over his. collision with Jacques Villeneuve in the season-ending Formula One race two weeks ago. .

In what amounted to a slap on the premedidated." wrist for the two-time champion, world motor sport's ruling body stripped the Ferrari driver of his second-place finish in the 1997 drivers' championship.

In a related ruling, FIA's World Motor Sports Council cleared the Williams and McLaren teams of allegations that they colluded to fix the European Grand Prix in Jerez, Spain, on October 26.

"I think it is perfectly clear that the race in Jerez was not fixed and no Formula One race has ever been fixed," FIA president Max Mosley

Schumacher, the circuit's most marketable personality, had risked a possible ban for the entire 1998 season and a fine of up to \$1 million for ramming Villeneuve's Williams car in Jerez. But the Motor Sports Council

decided against banning Schumacher from any of next year's races or imposing any fine. Schumacher has denied intentionally ramming Villeneuve but admit-

ted he made a driving error. Schumacher's Ferrari spun out after the crash on the 48th lap, while the Canadian finished the race and won his first Formula One champi-

Schumacher had a one-point lead going into the race and has been

win his third title.

Mosley said Schumacher's collision with Villeneuve was "apparently deliberate but instinctive and not

Mosley said it would be "futile" to ban Schumacher in 1998 on grounds that it would not act as a deterrent.

There is no driver competing in 1998 who would not be ready to accept the ban in 1999 if he could win the championship in 1998," Mosley said.

Mosley said FIA considered imposing a fine but instead asked Schumacher to take part in a road safety campaign next year.

As for the just-concluded 1997 season, Mosley said Schumacher was being excluded. Although his individual results and points will stand, he will no longer be the runner-up to Villeneuve in the drivers' championship.

Williams' driver Heinz-Harald Frentzen moves up to second place, with McLaren's David Coulthard to

Meanwhile, the FIA body took no action against Williams and McLaren over the allegations that they conspired to fix the European Grand Prix.

News reports in Italy and Britain, based on transcripts of radio conversations during the race, have said that Villeneuve was ordered by Williams to let McLaren drivers Mika Hakkinen and Coulthard pass him on the final lap. The McLarens finished first and second, with Villeneuve third.

Berkovic accuses West Ham team mate of jealousy

LONDON (Reuters) - Israel international Eyal Berkovic could be heavily fined after slapping West Ham team mate John Moncur during Sunday's defeat at Chelsea and criticizing the same player in a newspa-

Berkovic, who joined West Ham from Southampton in June for £1.75 million (\$3.0 million), has scored five goals in 15 appearances for West Ham this season, but despite his good start for the Hammers, there have been continual rumours he was unhappy at Upton Park. Yesterday Berkovic publicly

explained why. Speaking two days after their wellpublicised bust-up during Sunday's 2-1 defeat at Chelsea, Berkovic accused Moncur of jealousy and turning people at the club against

He told the Daily Mirror. "I am not sorry about what I have done. John Moncur deserved to be hit. "He is one of the most jealous peo-

ple I have ever met in my life. I gave the supporters clearly love him."

him a slap because 1 just could not

stand it anymore. Right from the beginning of the season he has done everything against me, goaded the other players and even incited the supporters against me.

"I am not going to give up on this

Moncur said he was astonished by Berkovic's comments. There has been no problem

between us whatsoever and I always believed we got on fine," he told the newspaper.
"We have struck up a good under-standing in midfield and we had

never had an argument before Sunday's game. "What happened then was just a silly one-off incident. The slap didn't bother me in the slightest. I wasn't angry about it and I shrugged it off as

soon as it happened. "I quite like Eyal as a person. I am not jealous of him in any way. I have never urged anyone against him and
